W. B. Ball.

Read about the Knoxville Trade Trip
in this issue and be on hand to greet
them Wednesday, April 12th, at 7
o'clock. Let this bunch see what a
live town we have at seven o'clock.
They carry a splendid band. Don't
miss the music.Read the advertisements of the enter-
prising merchants in this sixteen-
page issue. Besides being good busi-
ness men, these men are also good citi-
zens, always ready to aid any enter-
prise. It will pay you to read every
one of our ads this week.Recognizing the church, the school
and the press go hand in hand, we are
giving short histories of our churches
and school, this week. Who would
want to live or rear their families where
there was no church, no school and no
newspaper. The high moral standing
of this community is due to the fact
it has been permeated by the influence
of these three mighty factors.

FOR SALE.

Several pieces of old fashioned furni-
ture. Mrs. Naomi Hamilton.

SUNDAY EXCURSION

The Louisville and Nashville will run
its first Sunday excursion April 23rd to
Cincinnati and return. Rate for the
round trip will be \$1.75.

OUR MEDICAL FRATERNITY.

The different men composing the
medical fraternity of our town have
their fingers carefully resting upon the
pulse of the people day and night
which explains the healthful conditions
which exist here. They are: Drs. J.
B. Kinnard, J. M. Acton, J. S. Gilbert
J. A. Amon, W. M. Elliott and Virgil
Kinnard.

OUR LEGAL LIGHTS.

The successful lawyer today is one
who enters into the real spirit of his
cases to the extent to cause the client
relaxation and to "cease from troubling"
as soon as he has told his worries, they
not only enter with them into their
troubles but journey with them side by
side and live over with them many
heartaches and disappointments. Lan-
casters legal lights are: Green Clay
Walker, H. Clay Kaufman, R. H.
Tomlinson, W. H. Herndon, James
Hamilton, L. L. Walker, G. B. Swine-
broad and Joe E. Robinson.

NEW GARAGE.

Messrs John Gill and Robert Kinnard
have just opened an ideal garage on
Danville street opposite the Presbyterian
church and are well prepared to
take care of your cars should they need
anything in the repair line. They have
employed competent workmen and will
guarantee all their work. Their garage
is about two hundred feet long, well
lighted, being the building formerly oc-
cupied by the Lancaster Steam Laundry
and has been christened the "Arcade
Garage." Their advertisement appears
in the second section of this issue and
should be read by all auto owners.

GRATEFUL TO THE PEOPLE.

Mr. Jim Sparks, of Buckeye, had the
misfortune to lose his barn by fire one
day last week, losing his entire tobacco
crop, one mule, two horses, three cows,
one hundred barrels of corn and all his
farming implements, with no insurance.
He saved only one horse, which un-
fortunately had both of its eyes burned out.
Mr. Sparks has a family of eleven chil-
dren, although poor, is an honest and
industrious farmer. He is deeply grateful
for about \$2000 that was made up for
him Monday among the citizens of Lan-
caster. We have no doubt that his
friends in Buckeye will respond as liber-
ally to his aid as did the good people
in this city, where with only one ex-
ception, all that were asked responded.

CARD OF THANKS

From our hearts we thank the dear
friends and neighbors who rendered to
us so many loving kindnesses at the
loss of our dear husband and father.
Mrs. I. C. Rucker and children.

FISCAL COURT IN SESSION

The Garrard County Fiscal court,
with Judge C. A. Arnold presiding, and
with all of the magistrates present
have been in session for two days this
week, passing on many claims that
have been filed against the county.

CONCERT

Don't miss the Concert at the Paint
Lick Schoolhouse, Friday night, April
14. A pleasing variety of choice music,
both vocal and instrumental, will be
offered. Mr. G. L. Waterbury, Baritone;
Miss M. M. Traynor, of Rich-
mond, Contralto, and other talent. Secure
your seats now at Treadaway and
Logsdon's. Popular prices.

MR. NORTHCOTT RETURNS

Mr. H. B. Northcott returned to the
city last Tuesday after a three month
stay with his parents, Mr. and Mrs. H.
C. Northcott, in Newport Ky. He re-
ports his parents have been quite ill but
are now very much improved, notwithstanding
their extreme age, his father
being 94 years old and his mother 91.
They have been married 71 years, which
we believe is without parallel in the
state.

WANTED TO FIGHT.

Jack Warner decided he would take
a nap on the pavement on the sunny
side of the Citizens bank last Monday
and when interrupted by Marshal Buck
he decided he would call the hand of the
peace officer and flew at him like a wild
cat. It was all the two Bucks and sheriff
Ballard could do to handle him and not then until he had bitten Ballard
severely on one of his thumbs. He was
finally subdued however and taken before
Judge Frisbie, where he was fined
\$20 and cost for his disturbance.

PRATHER-REICHELDFER.

The marriage of Miss Bessie Prather,
daughter of Judge J. P. Prather, to
Mr. F. M. Reicheldfer, of Payne, Ohio,
came as quite a surprise to the friends
of the bride. The marriage took place
in Lexington last Monday afternoon at
4 o'clock at the residence of Dr. Fortune,
who was the officiating minister.
The happy couple left immediately for
Detroit and other points East where
they will spend their honeymoon, after
which they will be at home to their
friends in Payne Ohio.The best wishes and congratulations
of their friends go with them.

BELGIUM FLAG DAY

On Saturday, April 8th, the birthday
of King Albert of Belgium, everyone is
asked to wear a flag bearing the colors
of that unfortunate country, and by doing
so, the small sum of seven cents,
the cost of each flag, provides food for
one Belgium for one day. It is said
that if the importation of food into
Belgium were stopped there would be
wholesale starvation among the people
in three or four weeks.Everyone is asked to wear this flag
on Saturday and on Sunday with
requests for prayers for these unfortunate
people. It is also hoped that in
realizing Belgians need we may emphasize
our own need for preparedness.
The D. A. R. society of this place
will sell these flags. Take one and
help a good cause.

PEARL WHITE.

The beautiful Movie Actress, who
played last year at the Rex in "Exploits
of Elaine" will play at the Opera House
in Lancaster every Saturday night, begin-
ning April 15th, in "THE IRON
CLAW," one of the best serials the
Pathé Company has ever released.
Start with the first episode and don't
miss a one. Three other good reels
shown each Saturday.Picture show open every night
promptly at 7:30 P. M. Admission 5 and
10 cents.MASS MEETING
HELD BY TWO HUNDRED
AND FIFTY CITIZENS

Rebel Against Raise In Telephone Rates.

Had a bomb dropped from an enemy's
Zeppelin, into the middle of the public
square, it could not have caused much
more consternation, or surprise, than
did the little notice in last week's issue
of the Central Record, signed by J. R.
Cornn, manager of the Bastin Telephone
Company, announcing that after April
1st the rates would be advanced one
hundred per cent on business 'phones
and fifty per cent on residence 'phones.This notice resulted in the call of a
mass meeting at the Court house for
Friday night, at which about two hundred
and fifty citizens of the town and
community responded. The meeting
was held primarily to protest against
the proposed rates and was called to
order by G. B. Swinebroad, who an-
nounced the object of the call. Mr. R.
H. Batson was made chairman and
John M. Farra was made secretary and
then the ball started, men jumping up
all over the house asking to be heard.
Mr. Swinebroad was the first speaker
and asked that in order to ascertain
just how the people felt about the pro-
posed raise in the telephone rates, that
all those who opposed the rates as an-
nounced in the notice to rise. The re-
sult of the vote appeared to be unanimous,
but when the chair asked those who
favored the raise in the rates, Mr.
W. B. Moss and W. R. Bastin, were
the only two in the house that stood up,
revealing the fact that they favored the
raise.Talks were made by J. E. Robinson,
R. H. Tomlinson, G. B. Swinebroad, S.
C. Denny, J. F. Holtzclaw, J. W.
Smith, J. R. Mount, M. D. Hughes,
Dr. J. A. Amon all agreeing that the
rates as asked would be excessive,
beside many thought that under the
old contract, or permit where the \$1.00
rate has prevailed for several years,
the Bastin Telephone Company has no
legal right to make the advance in rates.
Many think the company had pro-
pered handsomely under the \$1.00 rate
and although the present company had
expended several thousand dollars on
the new metallic system, many were of
the opinion that the service was no better
than the old system. On motion
the chairman appointed a committee of
five, composed of G. B. Swinebroad, S.
D. Cochran, J. R. Mount, J. W. Smith
and S. C. Denny to represent the citi-
zens and to confer with the city council
and the Bastin Telephone Company in regard
to the advisability of selling a franchise.This committee was instructed to ask
for the books of the company and as-
certain if possible, if the company is
justified in raising the rates proposed
in the notice. This committee met
with the City Council last Monday night
and on motion of one of the council the
committee was asked to lend the council
its assistance and were given further
time to make the necessary investigation.
The following paper was drawn
at the meeting last Friday evening and
was signed by practically every one
present, stating that they would not
pay the rate proposed."We, the undersigned citizens of
Lancaster and Garrard County, patrons
and subscribers of the Bastin Telephone
Company, agree collectively not to pay the rate proposed
in the notice of said company, given
out by the company within the last three (3) days."Many who were not present at the
meeting have since signed the paper
and it looks as if they were determined
to fight the proposed raise to the bitter
end. If a franchise is sold there is a
strong probability of an independent
company being organized to bid on the
franchise and many have expressed a
willingness to put their money in the
enterprise. Attorney's for the Tele-
phone Company offered a franchise at
the council meeting last Monday evening
and asked that it be read, but it
appeared to the city attorney, J. E.
Robinson, that it was loaded at both
ends and the reading was stopped.Mr. J. H. Hazelwood of London, at-
torney for the company, was at the
meeting. Judge L. L. Walker also
represents the company, and was at
the meeting Monday night.J. I. Hamilton has 12 good milk cows
for sale.

For Sale: 114 sheep and lambs.

J. M. Cress, Stanford R. R. 4.

For Sale: Two long porch boxes,

The Store that Sells Wooltex

Smart New Wooltex Suits in Silks or Fine Woolens

They're coming in every day--new models, new fabrics, new colors, and a complete range of sizes.

You'll Find it Easy to Choose a Fashionable Wooltex Suit this Week in Just the Style You Like Best

Fashionable Silk Suits

Made by the Wooltex Tailors

In carefully selected faille or taffeta silks in black, blues and green.

\$25.00 to \$50.00

You know the importance of quality in silk suits. Also the special care that must be given to their tailoring to insure permanent shapeliness and graceful lines.

If you've ever worn a Wooltex suit with its pre-shrunk woolen materials, you know how they retain their smart, stylish lines.

Wooltex-tailored silk suits are made with all the care that has made Wooltex cloth suits famous.

The collars are close-fitting, with rippled cape effect or gracefully rolling.

The soft rolling revers lie in pleasing curves, whether buttoned high or open to any point desired.

Jackets fit smoothly over the shoulders. Skirts have the special Wooltex re-inforced waist-band that insures a trim fit about the waist.

You are sure to find a becoming, stylish Wooltex Suit here this Week, a suit that will be doubly pleasing in the moderateness of its price

Wooltex Street Suits

In Fashionable Woolens

Gabardines, Serges, Wool Poplins, Shepherd Checks, Velour Checks

\$25.00, \$30.00 and \$35.00

Smartly tailored models for street, for church and afternoon calls.

Trim suits in serviceable fabrics for the business woman.

Dressy, fashionable suits that show the season's most stylish features in rippling flares, cape collars, beautifully embroidered bodices and collars.

They are suits of real character—in outward style and inward goodness.

Their fashionably designed lines are hand molded into every Wooltex garment, and do not depend on the hot iron of the presser for their shapely gracefulness.

The outer materials and linings are cut and fitted separately, seams are custom-tailored basted and stitched with silk. The soft tailoring of fronts insures perfect-fitting, shapely busts.

"All right, madam, all right. Torpid liver may be a good thing to have about the house, but I don't think so. Here's your pannycce, and don't you want it? I can't compel you to buy it."

"The third passenger was a man with a marked redness about the nose and rough spots on his face. He was busy with a newspaper when the old man approached with:

"One bottle will cure that nose or your money returned."

"What? What's that?" demanded the man.

"And the second bottle will cure all those rough spots."

"Look a-here, you old reprobate! What are you driving at anyhow?"

"I am selling a blood purifier, made of roots and herbs. It's a little early perhaps, but I want to get the start of the buckwheat scratchers. Are you a drinking man or not?"

"Do you mean to insult me to my face, sir? Why, I'll punch your head off."

"Wouldn't do no good, sir. Here's the only genuine blood purifier in the country, and last year I sold 7,000 bottles of it. Invigorates the liver, tones up the blood, and if I can't cure up that nose of yours I don't want a cent."

"I'll purify you, you old assassin!" said the man as he started to take off his coat. But just then a policeman came up and told the old man he must get out.

"And not sell a bottle of my blood purifier in this crowd!" he loudly asked.

"Come, out you go!" said the officer.

"And you don't want a bottle for yourself? You've got a jaundice look, and this medicine will cure it in five big doses."

He was led out and told not to re-enter the depot. But he stood at the door and said to the policeman:

"All right, officer, all right. If the people don't want my blood purifier you can't have it. It's the season to purify, but I never go again the law, and if there is a rampage of bilious fever don't say I wasn't around with my pannycce at regular price."

The officer made a move for him, and the old man ambled off down the street to the corner. There stood a man beside the lampost with deep trouble in his looks and bearing, and after a moment he was addressed with:

"If I ever saw a man who needed it you are the critter!"

"Are you talking to me, sir?" was queried in reply, but the man looked straight across the street.

"Right to you, my friend. You are almost on your dying bed, but there is one hope. It is my blood purifier. It has cured when the doctor pronounced the patient dead. Get a dose down you at once!"

"Thanks, but I cannot change the program now."

"I'll give you the first dose without charge."

But the old man saw a patrolman plugging across the street to gather him in, and he made his escape to stop a fat pedestrian at the end of the block and say:

"My dear sir, you are fat and look the picture of health, but is it solid fat or oil?"

"What do you mean by addressing such a question to me, sir?" was sternly replied.

"If it's oil, sir, I have that which will take it away."

"By thunder, you old curmudgeon!"

But the patrolman had followed along and now came up and demanded if the old man had a license to peddle. As he didn't he was placed under arrest, and as he was walked away he asked:

"I hadn't kicking any, but I want you to do me a favor."

"Well?"

"Take me before some judge who's got a plain case of the janders and who'll let me pay my fine in the only reliable blood purifier ever invented by a human man!"

And perhaps the exchange was made,

HIS BLOOD PURIFIER

By M. QUAD

Copyright, 1914, by the McClure Newspaper Syndicate.

A dilapidated looking old man, who was chewing sassafras root with great energy, suddenly appeared in the waiting room of the depot across the river, and as he approached a man who was waiting for the western train he pulled a bottle of liquid from an old satchel in his hand and said:

"My friend, you are looking yaller about the eyes, which is a sure sign that your blood is in a bad state. One bottle of my blood purifier will restore you to health and vigor."

"Don't want it, sir," was the reply. "All right, mister, all right. If a feller wants to keep on looking yaller about the eyes when a pannycce is at hand, that's his own business. Long about the middle of April you'll be on your back with a spell of bilious fever, but you needn't lay it up again me."

The next person approached was a severe looking woman about thirty-five years old, who was probably an old maid.

"Them yaller streaks at the corners of your mouth denote a torpid liver, ma'am," said the man as he gave the bottle a shake. "Something right here to improve your looks 50 per cent."

"Sir!" she demanded in icy tones.

"Only 50 cents a bottle, ma'am, and made right in my own house from herbs and roots gathered by my own hands. Just opened the campaign, and it's only 50 cents a bottle."

"Go away, sir!" she commanded.

"Don't want any at all, eh?"

"No, sir."

"All right, madam, all right. Torpid liver may be a good thing to have about the house, but I don't think so. Here's your pannycce, and don't you want it? I can't compel you to buy it."

The third passenger was a man with a marked redness about the nose and rough spots on his face. He was busy with a newspaper when the old man approached with:

"One bottle will cure that nose or your money returned."

"What? What's that?" demanded the man.

"And the second bottle will cure all those rough spots."

"Look a-here, you old reprobate! What are you driving at anyhow?"

"I am selling a blood purifier, made of roots and herbs. It's a little early perhaps, but I want to get the start of the buckwheat scratchers. Are you a drinking man or not?"

"Do you mean to insult me to my face, sir? Why, I'll punch your head off."

"Wouldn't do no good, sir. Here's the only genuine blood purifier in the country, and last year I sold 7,000 bottles of it. Invigorates the liver, tones up the blood, and if I can't cure up that nose of yours I don't want a cent."

"I'll purify you, you old assassin!" said the man as he started to take off his coat. But just then a policeman came up and told the old man he must get out.

"And not sell a bottle of my blood purifier in this crowd!" he loudly asked.

"Come, out you go!" said the officer.

"And you don't want a bottle for yourself? You've got a jaundice look, and this medicine will cure it in five big doses."

He was led out and told not to re-enter the depot. But he stood at the door and said to the policeman:

"All right, officer, all right. If the people don't want my blood purifier you can't have it. It's the season to purify, but I never go again the law, and if there is a rampage of bilious fever don't say I wasn't around with my pannycce at regular price."

The officer made a move for him, and the old man ambled off down the street to the corner. There stood a man beside the lampost with deep trouble in his looks and bearing, and after a moment he was addressed with:

"If I ever saw a man who needed it you are the critter!"

"Are you talking to me, sir?" was queried in reply, but the man looked straight across the street.

PUBLIC SALE.

OF

Homestead and Household Effects

OF

Dr. Jno. C. Fales, Deceased

As executrix of the estate of my father, Dr. John C. Fales, I will sell publicly on the premises, at the corner of Broadway and Fifth streets in Danville, Ky., which fronts 213 feet more or less, on Fifth street, with a depth of 218 feet, more or less, and upon which stands a substantial 10-room two story brick residence, with gas, city water, bath room and sewer, and also a frame cottage. The residence has been recently thoroughly repaired and repainted. Adjoining the above tract is a lot fronting 792 feet upon an alley, which leads to Fifth street. This lot is about 156 $\frac{1}{2}$ feet deep, and has a splendid barn on it.

The tract fronting 213 feet on Fifth street will be offered first in three separate parcels, and then as a whole. The lot fronting on the alley, with the barn will be offered separately and as a whole. The real estate will be sold for one-third cash, and remainder payable in three equal install

J. R. Mount, Son & Co.

The Square Deal House.

H. S. HUDSON.

The above is a likeness of the Presbyterian minister who, this month, takes charge of this church. The love and reverence this congregation always show their pastor bespeaks for him a splendid work. They were called upon to undergo a trying ordeal in giving up a beloved pastor, but the Master's work must be done, and they will now press forward in the work which lies before.

Daily Thought.

Search others for their virtues, and thyself for thy vices.—Fuller.

Echo From the Art Gallery.

"Isn't that a Valsquez?" Mrs. Ollie castle asked as they stopped for a moment to look at the new pictures. "Oh, my, no," her hostess replied, "it's a lion!" But he told Josiah when he brought it home that it looked a good deal more like one of them things you mention."

Anthrax Father of All Germs.

The anthrax germ is the father of all germs since it was the first discovered by the weak microscopes of half a century ago. That was because the germ was so big. The microscopes could not show the smaller germs. It was the anthrax germ, therefore, that led to the development of the microscope theory which has caused such an advance in medicine.—Boston Globe.

Nature's Jewels.

What a world we live in! Where are the jeweler's shops? There is nothing handsomer than a snowflake and a dewdrop. I may say that the maker of the world exhausts his skill with each snowflake and dewdrop that he sends down. We think that the one mechanically coheres and that the other simply falls together and falls, but in truth they are the product of enthusiasm, the children of an ecstasy, finished with the artist's utmost skill.—Thoreau.

Just Split the Difference.

In a jury trial in a small town not many miles from civilization the rural gentlemen into whose hands the case of the plaintiff and defendant was placed were so stubbornly divided that they were some twenty-odd hours in reaching a verdict. As they left the court, after having rendered the verdict, one of them was asked by a friend what the trouble was. "Waal," he said, "six on 'em wanted to give the plaintiff \$4,000, and six on 'em wanted to give him \$3,000, so we split the difference an' give him \$500."

"KNOXVILLE" IS COMING TO LANCASTER

With a train of all steel cars and headed by a big brass band, Knoxville Business Men, more than a hundred strong, are coming to establish closer business and social relations between the business men of Lancaster and themselves. They will arrive on their own special train

Wednesday, April 12,

at 7:40 o'clock and remain until 5:15 o'clock A. M.

"Knoxville Business Men want to meet Lancaster Business Men".

Conducted under auspices of the Knoxville Board of Commerce.

MONTH--APRIL.

Paint up month; clean up month. Clean up and stay clean and prevent illness in your family. Don't forget to swat the fly and swat him early, an insurance against Doctors bills. Look out for the Health officer and see that your premises are in a sanitary condition.

OUR NEW ADVERTISER.

In this issue of the Record appears the full page advertisement of Mr. Grover Cleveland Cox, the live wire merchant of Manse, Ky. Mr. Cox moved to this place about two years ago and has revolutionized the mercantile business in this live little hamlet. He is an ardent believer in the printers ink and is telling his numerous patrons of some of the real and rare bargains he is offering at this season. You can find nearly everything you want in this store and at prices so cheap, you will only have to look to be convinced.

GOOD ROADS AND GOODRICH

"American motorists will reap an immense benefit from approximately \$250,000,000 expended last year on highway construction," said Mr. E. C. Tibbitts, Director of Advertising of the B. F. Goodrich Co. "The big national highways of which we have been reading so much, are in my opinion, only the forerunners of a net-work of good roads that will have a tremendous effect on increased motor and tire sales. Automobile owners should not overlook the important part played by the Goodrich Touring Bureau in promoting more and better highway building. Tire owners will realize a tremendous amount of additional mileage per car this season due to good roads. While this big saving will come to the tire owners individually—tire sales will increase materially, nevertheless, on account of the new fields opened up and the increased sale of automobiles."

ANDERSON.

The sad news of the death of Miss Allie Anderson, of Lexington, cast a shadow over our whole community when it was learned she had died Saturday morning, for most of her life had been spent among us, and every heart was touched with sympathy for the aged parents and devoted sisters. Although, for several years, she had been in declining health, unlike many invalids she was a pleasant, cheerful companion, entering into the joys and sorrows of others with sympathetic interest.

While those who loved her cannot but mourn her loss it is sweet to think of her where pain and sorrow are unknown and where her frail body will suffer no more. Sunday, when she was laid away to rest in our little "city of the dead" to her loved ones it was a day of weeping yet they could but realize that her it was a morning of joy when her tired eyes opened on the Great hereafter, beyond whose portals friendship's fairest flowers ever bloom unwithered by the frosts and where her many good deeds will be garlanded into a wreath of flowers that will never fade. During her life she loved flowers and in her death she was surrounded by them as the floral offerings were beautiful and profuse.

Miss Allie was born near Lancaster forty-four years ago and with the exception of the five years spent in Lexington her life was passed in Lancaster.

Besides her father and mother, Mr. and Mrs. John Anderson, she is survived by four sisters: They are Mrs. W. R. Marrs, of Knoxville, Tenn., Mrs. W. T. Browning and Miss Betty Anderson of Lexington and Mrs. Frank Bacon, of Kansas City, Mo. She was a member of the Christian church and services were conducted at the grave by Elder F. M. Tindel. Her devoted parents and sister had gone down into the valley of suffering with her and stood for months by her side as hope after hope dropped away as the petals fall from a fading flower, all their strength was given sweetly, tenderly to the precious invalid but without avail. Friends and relatives of the bereaved family extend sympathy through the columns of the Record.

The Telephone Issue.

The telephone controversy which has been taking place between the people and the Bastin Telephone Company about once a year for the past ten years is now in full blast. The Telephone Company has appeared before the Council and demanded the sale of a franchise permitting this Company to collect instead of \$1. per month, as now charged, a rate of \$1.65 for residence and \$2.75 for business phones. This extortionate demand is naturally resented by the people. It seems to be the desire of all concerned that a franchise be prepared and sold by the City Council, but the rates and limitations that the franchise should contain, according to the idea of the Council and that demanded by the Telephone Company are so far apart that the controversy promises to be one of considerable moment. The franchise should provide reasonable rates, with like obligation for good service on the part of the purchaser. The Council and Mayor and City Attorney are in full sympathy for a franchise favorable to the people and will see to it that the people's interest is protected so far as it is in their power and it may become necessary for the people of the community to get together and subscribe stock and organize a corporation for the purpose of purchasing the franchise offered by the City and install a plant of the people in order to have reasonable telephone rates. This has been successfully done in many communities and could be done in this one.

M. D. HUGHES

A natural born editor, he did not begin at the bottom as devil but fit the editor's chair from the start. He made a capable, conscientious editor and edited one of the best papers Lancaster ever had.

Editor Record:

Having had some experience in journalism, I beg to congratulate you on your "Third of a Century" anniversary. Failures have happened in many enterprises, before we have realized the fruits of success—so with journals.

From 1883 to 1890 I had charge of the Central Kentucky News, which was printed on a Washington hand-press. While it was not equipped like the Record, it gave the news and was strictly Democratic, for Harry Giovannoli helped get it out.

The Record is most modern in presses, folders, type, etc., owns its building and is able to live the other two-thirds of the century, and we all hope it will.

With the erudite J. E. Robinson as editor, the suave R. L. Elkin as business manager, the gifted Mrs. R. L. Elkin as local editor, it is complete in every department.

It goes before the public with clean hands, always praising Garrard county—its people and resources, and for that reason it should be patronized by every body.

The mission of a journal is varied, and it reflects the intelligence and the morals of the people. The Record disseminates knowledge to all classes, seeks to eliminate crime, and to instruct the people in everything high, pure and ennobling. Its influence in deterring people from crime is wonderful, for no criminal wants his name published to the world, and he is, therefore, slow to commit crime.

Strictly Democratic its editorials are true to that party. The farm department tempts with valuable information. Clubs and societies have an abundance of space. Articles on general information are freely published. In fact everybody can find something to suit his taste.

It is indispensable and everybody should support it, for the Editor and his force have many difficulties, and many serious propositions to solve. Long live the Record.

M. D. Hughes.

Our One Third of a Century Edition is issued with grateful assurance that a feeling of good will is general between the Record and its large list of subscribers. The entertaining communication from each of the former publishers of this Journal is an appreciated evidence of their deep and lasting affection for the "Old Home Paper" and their interest in its success and continued progress. The high rank it takes among the journals of its class in the State at this time is a partial realization of the ends they hoped and labored for as it is the pride of the present force in charge. We gratefully acknowledge the work of these true friends, whom we succeeded in making it practical to have at this time the good mechanical equipment in this office, and our large list of patrons and subscribers are but the natural results of the true and lasting friends made for the Record by the gentlemen who proceeded us in the work. With these thousands of good friends and well-wishers in this and adjoining communities makes the future even brighter for the Record. As long as we are permitted to be in control the public will be assured that this is their paper and that each issue is with the distinct purpose of aiding in building up this City and County in some way. We shall continue to be loyal to our political convictions and personal friends, but we would have it understood that our paramount aim is to make this a better community. We desire to build up and not tear down that which makes for good, to keep our people united in going forward in those ways which make better and happier men and women. It is our aim to scorn and be little in our columns things political and social which bring division and malice to the community and instead help to unite and bring together our readers in an accomplishment of the larger things which make life worth while. We earnestly solicit the cooperation of our friends and patrons in these endeavors. We would have you consider the Record as yours to these ends.

Very truly,
The Editor.

A. B. ELKIN

Who has been setting type continuously since a mere lad. He first edited the Alpha, then the Garrard News and later, the Kentucky Visitor. This paper grew in size and quality but he harkened to the call of the city where he has worked for the Kentucky Lithographing Co. for thirty years and is just as young as his picture indicates.

Editor Record:

When you wrote me the Central Record, under that name, was to round out a third of a century, memory which has a strange power of crowding years into moments, came to my assistance and I was again the boy, the editor of The Alpha, and just as proud of it as you are of the Central Record.

I was carried back to the old farm house known as Elkin Place, where, according to tradition, I had grown "too large to drive up the duck" and was now driving my own ducks to market in the form of The Alpha. Again I hurried through breakfast, and start out across the wooded fields, giving myself fifteen minutes to walk in, and great was my disappointment if, on looking at the town clock, I found it had taken a few more minutes from my busy day. (Now the editor of the Central Record rides from the same house in an auto-

mobile taking less than five minutes. O Tempora! O mores!) I then walked into a little one room office as editor, typist, proof reader, foreman, devil and other names too numerous to mention. The little paper I got out was not as large as any one of your add's will be this week, but it was gotten out just as yours is, with the interest of the town and its citizens at heart, it paid them, as yours does, more in the long run, than it did me. From the covenants of friendship we were establishing then, we thought we would enjoy in after years, but alas the forces of life drove us asunder and what we sowed others have reaped, and our heart swells with pride when I see your splendid paper, your magnificent building and plant, to know I was one of the stepping stones. Lancaster is very dear to me and any progress she makes along any line, especially the newspaper line, is gratifying. No other town in Kentucky, of its size, has such a paper and such men at the helm and I do not congratulate you but I congratulate Lancaster on the growth and enterprise of their paper. It is enterprise, after all that oils the wheels of energy and industry. Industry gathers together with a frugal hand, the means whereby we are enabled to develop our plans and purposes. Energy gives us force whereby we gather the courage to persevere, but it is enterprise that suggests way and means to overcome difficulties all of which you need in newspaper work. You have all of these, therefore you are to go good health, your family's good health may you all live long and prosper.

Armstead Blackwell Elkin.

LEWIS LANDRAM

An all-round newspaper man who began as a devil and rapidly rose to editor-in-chief, showing you can't keep a good man down. He is now editor of the Danville Messenger.

Editor Record:

The Central Record was founded April first in the year 1890 by the late James R. Marrs, of Danville. Mr. Marrs, having just served a term as post-master in that city, gave the field a careful survey, and concluded that Lancaster was the best in which to resume his newspaper work. He purchased the Central News from M. D. and Robert E. Hughes, and brought to Lancaster the best portion of the equipment used by the Danville Tribune. This, with other machinery added, made an up to date office. The machinery was driven by steam, that method being the most up to date power at that time. Able assisted by Mr. R. E. Hughes, Mr. Marrs' success in Lancaster was phenomenal.

However, he cherished an ungovernable desire to publish a poultry and farm paper, so took part of the Record's equipment to Lexington and began the publication of a paper of that character, leaving the Record in charge of Mr. Hughes, and later conducted by Mr. John L. Anderson. The Lexington venture was a complete financial failure and the machinery was moved back to Lancaster. Mr. Marrs then made his home in Danville and made daily trips to Lancaster. This wrecked his health and he decided to sell the plant.

On April 1st, 1895, Louis Landram and Henry Cartwright bought the plant. Mr. Cartwright remained only a few months, selling his interest to Mr. Landram. The latter was in charge of the Record until the fall of 1909, when Mr. S. F. Hughes bought it. Mr. Hughes ran the plant until January 1910 when Green Clay Walker became the owner.

When Mr. Marrs established the Record, he was able to put sufficient amount of money behind it to "make it go," and employed the best printers he could find. The late Walter B. Nichols (conceded to be the best job printer in Kentucky) was in charge of the mechanical department. When Mr. Landram took charge, he found the office in a dilapidated and run-down condition, and it became necessary to buy two new presses and other equipment which, on top of the original cost, made the burden a severe one.

It would be entirely out of place to close this story without mention of the well-remembered and faithful veteran type, Capt. Frank J. White, who, during most all the time mentioned, was a compositor under each of the above-mentioned owners. He had cases during the entire time Messrs. Marrs and Landram were in charge, and most of the time under R. E. Hughes. He was, unquestionably, the best hand compositor Kentucky ever produced. For years upon years he wrestled with the outlandish and often silly "copy" the country printer must handle, but always managed to "get some sense into it," as printers say. He was equally patient with the old fogey, who wrote to tell his troubles, and with the wise young poppinjay who burst into

print to save the country. It is a well-known fact that swearing in a printing office is absolutely necessary as is a pop-off valve to a locomotive, but Capt. White managed to "hold in" when given a "tske" of sloppy scribblings badly written, devoid of punctuation and scrawled over both sides of the paper. Men who have worked about printing offices know what required to do that, and Capt. White was equal to the occasion.

The first editions of the Record were in six-column quarto size-eight pages of six columns each. It was all home print, but in later years Mr. Marrs installed the "patent inside" feature which was continued until changed by Mr. Landram, who made the paper a seven-column folio, its present size, all home print.

L. L. Landram.

the impressions that hungry eyes awaited;

Since the automatic folder usurped the spot where tood the wobbly-legged table over which human hands reduced flat sheets to carrier size;

Since the two handle ink roller gave way to a battery of long limbs of composition fed from a deep ink well;

Since setting type in the Caxton way, out of the dust filled cases, where the "e" box was so crowded the second vowel poured over into the adjoining compartments, went out of fashion for the machine that looks like a giant typewriter;

Since a water works system, freely installed, has put the printer's towel that once stood in the corner—a constant reminder of the burnt-cork artist of minstrels—out the back door into the ash barrel;

Since electric lights have forever dimmed the kerosene lamps that swing over cases and presses;

Since telephones enabled news-gathering without leg exercise and made necessary golf games to reduce the attendant flesh accumulation;

Since—but why do any more sing; the day of the Printer's Devil is gone and soon it will be a myth unless we who have so served do not make for it a stand in the historical fabric now in weaving.

To-day the cub of the country printing office may wear his Sunday-Go-To-Meeting clothes through all weeks and show no signs on subsequent Sabbaths of contacts with inks and pastes.

His hands are velvety and white, free of lye-marks from galley washing, free of benzine smells arising from folding papers, free of blisters cleaning rollers and ink plates, free of cuts from pulling that old hand-press that bore the name of the Father of his Country; his eyes clear of all signs of gritty dust from using the hand bellows on type cases; his shoes disclosing no worn holes from kicking a jobber—in very truth a Ward McAlister instead of the dirty over-all guy.

But—"Then was the happy day," to quote the comic section of the city daily. This exclamation is straight from the heart of one who started in the job of Printer's Devil with the first issue of the Lancaster paper that has continuously come from the press weekly during the past third of a century.

J. E. DICKERSON.

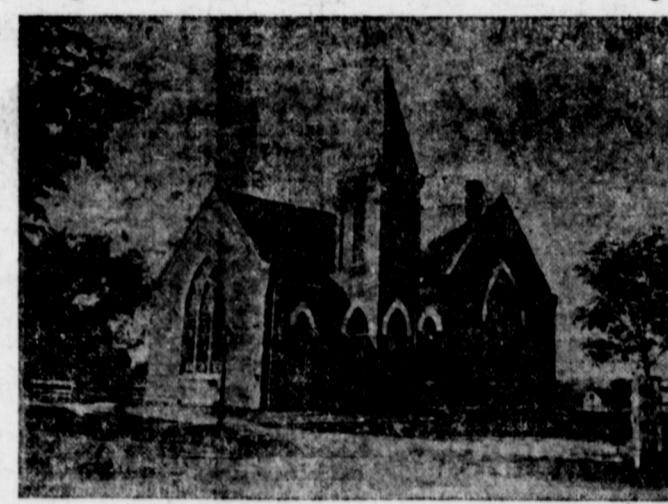

Christian Church.

The above church was organized in 1827 with the following names as charter members: John Jenning and wife, William Stirman and wife, Mrs. Polly Sartain, Silas Myers, Esthane Ballinger and Mrs. Lucy Price. Six of these had been members of the Fork Baptist Church. Wm. Stirman was preacher of the Baptist Church of Mercer county, but with five others, they got their letters for the purpose of establishing a church in Lancaster. He held a meeting in Lancaster and Mrs. Lucy Price made the confession and was baptized, she being the first person to make the confession in this way in Garrard county. In 1828, Elder Stirman moved here from Mercer and labored with this band of disciples four years. In 1832, this little congregation, which had been meeting from house to house, lost this preacher, who became, by appointment of the U. S. Government, an agent and missionary to the Indians. They next secured the services of Elder Thomas Smith. About this time a union meeting house was built and Joshua Cox, A. M. McChesney and Dr. W. H. Hatch, served the church several years. This brings us to 1852 when the above church was built. Then James Henshall and Dr. A. Adams were called to preach two Lord's days in the month. Dr. Adams remained with the church until 1871, nineteen years, during his long pastorate, brother Jesse Walden and Henry T. Anderson helped him in his work. Since then the following men have preached for this church: Elders C. K. Marshall, Ben Ricketts, J. L. Allen, W. L. Fowle, G. W. Yancey, Will Gibson, Joseph Frank, George Gowan, Charles Powell, A. R. Moore and F. M. Tinder, the present pastor.

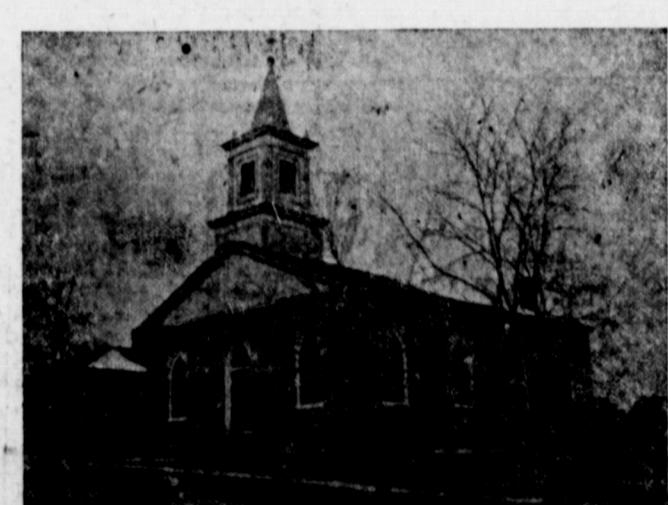

Presbyterian Church.

The Presbyterian church of Lancaster, was organized in 1840. The congregation met first in what was known as the "Union Meeting House," but in 1840 began the erection of a church of their own where the Methodist church now stands. Owing to a failure on the part of workmen to carry out contracts, a lawsuit was brought and the house was not completed for three years. The first elders were Col. Abner Baker, James McKee and Lewis Landram. Rev. James C. Barnes was the pastor for many years, always the church has been prosperous and the membership has increased each year. In the year 1879 having sold their church to the Methodists a meeting was held in the town hall looking toward the erection of a more commodious house of worship which was soon realized in this handsome structure. A committee consisting of Messrs W. H. Wherritt, S. M. Peacock, Gen. W. J. Landram, George Denny, Sr., Mrs. Patti Gill and Mrs. E. M. Denny was appointed to solicit funds. The old building had been sold to the Methodist congregation and the new, modern and beautiful building, the likeness of which you see above, was soon completed. The Rev. S. C. Hudson has just entered upon what promises to be a successful ministry to this congregation.

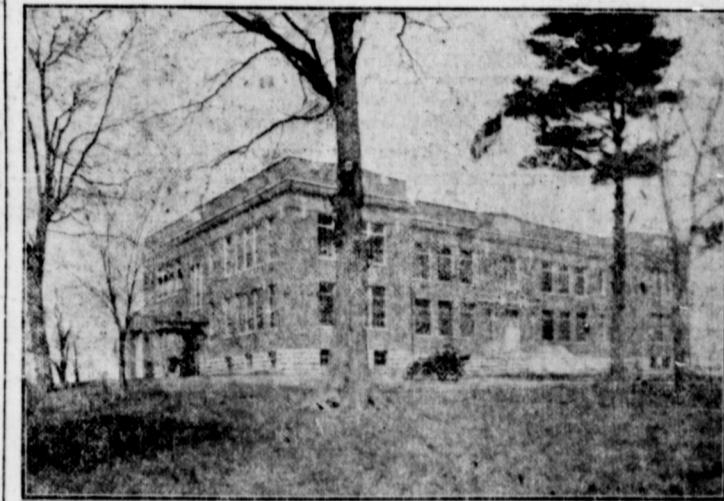

Methodist Church.

This church which was also holding their services in the union church bought from the Presbyterians their house of worship in 1878 or 79. After worshipping in this frame structure a number of years, the congregation having grown in membership and wealth, they decided upon building their present beautiful and up-to-date brick church, which was built in 1896. A spiritual, zealous congregation they have always been and under the charge of the late lamented E. H. Pearce and the present Brother Pollitt they have gone steadily forward.

Baptist Church.

On July 20th, 1842, a council of earnest christians convened in Lancaster for the purpose of constituting a Baptist church. This congregation also held their regular meetings in the union church in common with three other congregations. The Baptists put up their present building in 1851 and dedicated it on the second Sunday in Jan. 1852. Elder John L. Waller preaching the sermon. This church, as all others, stands a monument to the work and sacrifice of Godly men and women who have gone before. It has kept abreast of the times in improvements and today does its share in the spiritual uplift of the community. Eld. A. J. Clegg is its present pastor.

Lancaster Graded School.

Lancaster is justly proud of this magnificent school building. The school district embraces quite a large territory and considerable wealth. It was established by an almost unanimous vote at an election held on the 9th day of February 1895, under an order of the Garrard County court, made at its December term in 1894. The school opened under favorable auspices in September 1895 in what was then thought a handsome and commodious building purchased by the board at the price of \$10,000.

Prof. Ben Gowan was the principal the first three years. The second principal was Prof. Patterson of Lebanon Ky, the third Prof. J. H. Mannix, the fourth Prof. D. W. Bridges, which brings the school to 1909. The school had increased each year in attendance and Prof. Bridges' feeling the building was inadequate and out of keeping with Lancaster's progress began to agitate the question of a modern graded school building. The question was submitted to the people who by voting a tax together with funds left by Mr. Lewis Y. Leavelle were able to tear down the old building and build this new one. This was done in the summer of 1912. Prof. J. W. Riley, the next principal, taught during the year the present school was being built in different rooms in town. Prof. M. L. Caseer, who is a teacher of experience and ability, is now the principal, and was the first to take charge of the present building.

Under the terms, prescribed by the board, quite a number of pupils from without the district can be taught in the school by paying tuition. The school building is located near the center of four acres of ground affording ample play grounds. The people "built better than they knew" when they decided to build the present building as it is Lancaster's greatest asset.

HAMMACK

Mr. Taylor Hignite is very low. Mrs. Rogers visited Mrs. Coldiron, Saturday. Miss Lell Coldiron visited at Hammack, Sunday. Mr. and Mrs. Sam Hurt visited Mrs. D. G. Ross, last week. Misses Nellie and Sallie Beasley visited at Hammack, Saturday. Mrs. R. M. McQuerry and children visited Mrs. John Clark, Friday. Mr. and Mrs. Arch Miller were recent guests of Mr. and Mrs. R. F. Parsons. Misses Nancy and Lizzie Tankersley have returned home after a pleasant visit with friends at Rogersville. We have just received a letter from Indianapolis Ind. telling of the death of Mrs. Hattie Miller Harris. She was a daughter of Mr. and Mrs. Dan Miller and formerly lived in Garrard county.

Sold by J. R. Mount, Son & Co.

LOWELL

Mr. J. H. Davis sold a horse to Mr. O. M. Barr for \$125. Mrs. Claud Kidd of Wallacetown was a visitor here last week.

Misses Ida and Cora Hurte spent the week-end with homefolks.

Mr. Milford Lee was in Richmond Saturday on business.

Mesdames Milford and Jim Lee spent Saturday with Mrs. J. H. Davis.

Mr. and Mrs. Joe Boan visited his mother at Cartersville, Sunday.

Mrs. Henry Kuhlman is visiting friends and relatives in Lancaster.

Born to the wife of Mr. John Cornett a seven pound boy, christened Alex.

Misses Lena Ledford and Lou Kuhlman were the guests of Miss Githa Githa, Sunday.

Miss Ethel Mae Davis entertained quite a number of her friends Thursday evening in a most delightful manner.

THE SIMPLEST WAY IS THE BEST WAY

A. E. Lerche of Springfield Gives Recipe for Getting Over the Blues

A. E. LERCHE

"If you ever get the blues," he said, "it is well to know the simplest and best way to get rid of them. Crankiness, nervousness and general upset condition preceding the blues usually are due to the relentless grip of constipation on the nervous system. The simplest way to meet this condition is to have a box of Rexall Orderlies in your pocket and the best way is to take one when you feel the attack coming on. It is the finest laxative for men, women and children I know of, and is a regular antidote for the blues the best ever."

Mrs. Pauline Pennington was the guest of Mr. and Mrs. C. S. Roop last Monday.

Mr. Ivan Turner of Berea was with his grandfather, Mr. J. T. Allen for the week-end.

Mrs. Jeff Davis and daughter Susie, were guests of Mrs. Susie Renfro last Wednesday.

Mrs. Eliza Conn and grand-daughter, Virgie, were guests of Mr. and Mrs. Arnold Bryant Sunday.

Mr. and Mrs. John Metcalf and Miss Myrtle Coldiron were guests of Mr. and Mrs. John Davis Saturday and Sunday.

Rev. Robinson filled his regular appointment at Carter's Chapel Saturday and Sunday, and there were also services Monday night by Rev. Greer, the presiding elder.

Too Many Lancaster People Neglect Early Symptoms Of Kidney Trouble.

If your back is lame—if you feel dull, tired and all-worn-out—

If you have hard headaches, backaches and dizzy spells—

If the kidney secretions are disordered—

Suspect your kidneys and "take a stitch in time."

Use Doan's Kidney Pills, the time-tried, home-endorsed kidney remedy.

It may save you from some serious kidney trouble.

Make use of Mr. Hibbard's experience.

Frank Hibbard, Water St., Lancaster, says: "I had weak kidneys and their action was irregular and often painful. My back pained me and it was then that I used Doan's Kidney Pills. They fixed me up in good shape. The pains left and my kidneys became normal."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hibbard had. Foster-Milburn Co., Props., Buffalo, N. Y.

CARTERSVILLE.

Mrs. Susie Renfro has been very ill.

Mr. Jeff Davis made a business trip to Richmond last Monday.

Miss Virgie Conn was the guest of Estella Davis last Thursday night.

Mr. and Mrs. Gatiff Smith are rejoicing over the arrival of a fine girl.

Mrs. Omia Hurt was the guest of Mr. and Mrs. C. F. Jennings last Sunday.

Mrs. Mae Robinson was the guest of her mother, Mrs. F. P. Bryant recently.

Miss Lucile Ballard was the guest of Miss Maggie Carter for the week end.

Sunday school was organized at White Lick Baptist church Sunday, April 2nd.

Mr. and Mrs. Bluffard Jennings were guests of J. T. Allen and family last Sunday.

Mr. and Mrs. Felix Pennington were guests of C. S. Roop and family last Sunday.

Mr. C. R. Roop and daughter, Cora, made a business trip to Lancaster Monday.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Apply to the hair and skin. It will be necessary to do this daily. And druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It gradually darkens streaked, faded gray hair, and removes dandruff and scales. It also softens hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Don't Buy a Wagon Until You Have Seen the Columbus

Before you decide on any wagon, examine the Columbus. Strongly built of the best possible material the Columbus wagon gives the most satisfactory service for the longest period of years. There is no secret in the noted long life of the Columbus wagon. It is the result of the methods employed in construction. There is no wood in this wagon which has not been air-dried under shelter from one to two years.

The axles and the spokes of the wheels are hickory; the hounds, bolsters and sandboards are oak, and the bottom of the box is straight grained flawless pine. These are just a few examples of the care which is taken to make this wagon as reliable as possible. The result is that the Columbus wagon is unbeatable in reliability and endurance. Come in and examine it for yourself. We know you will be pleased.

A STORY OF HUNGARY

By EVERETT P. CLARKE

The map of Europe has been changing ever since there has been any historical record. There have been times when changes have been expected that have not occurred. One thing is noticeable—no nation in Europe has thrown off a foreign yoke.

Sixty years ago Hungary was in a position of antagonism to Austria. Louis Kossuth came to the United States, which was in those days the mecca of all peoples who desired to be made free, to raise funds to prosecute a revolution against the other wing of the dual empire. He was treated liberally by the freedom-loving American people and returned to Hungary. What became of the money raised at that time I do not know. What everybody does know is that Hungary is still a part of the empire of Austria-Hungary.

I am of Hungarian parentage, but I was born in America. My father was in sympathy with the movement to achieve independence for his fatherland and was a member of a revolutionary society organized for that purpose. This story which I am about to relate he told me when I was a boy.

"The society to which I belonged," he said, "was organized for the purpose of bringing about a rising of the Hungarian people against the Austrian government. Of course we were a secret body. I determined to learn the plans of the government concerning Hungary, and to do this I offered my services to the prime minister as a spy on the revolutionists, revealing to him that I was a member of a circle whose object was to achieve the independence of Hungary, and I had joined the society with a view to obtaining their plans. I succeeded in winning the minister's confidence and anticipated getting much valuable information.

"The danger in all this was that unless I made known to the circle my intentions I was likely to be considered a traitor to them. If I told them what I was doing I was liable to run against some one among them who was endeavoring to accomplish for the government what I was desirous of doing for the circle. If so I would be immediately arrested and shot by the government.

"I concluded to place in the hands of one member of the circle—Shimsky was his name—evidence to prove that I was working in the interest of Hungary, but charged him not to produce the evidence to the government what I was desirous of doing for the circle. If so I would be immediately arrested and shot by the government.

"The danger in all this was that unless I made known to the circle my intentions I was likely to be considered a traitor to them. If I told them what I was doing I was liable to run against some one among them who was endeavoring to accomplish for the government what I was desirous of doing for the circle. If so I would be immediately arrested and shot by the government.

Stomach Trouble Solved

Most stomach troubles are not diseases. The stomach is simply weak. Tired out. The right kind of a tonic is what is needed. A few meals, well digested, will furnish natural strength. That is what a tonic will do for you. It will start the stomach going right. Then the stomach will take care of itself.

PE-RU-NA Good the Year 'Round

Always Ready-to-Take There is no use of writing time a remedy is needed for a weak stomach. No use whatever. The old, well-tried remedies, put up on purpose for such cases, are a great deal better than an off-hand prescription. Peruna is the remedy that people have relied upon for a great many years. It is ready to take, contains no pure drugs, of uniform strength and composition. Not an experiment. Peruna is a substantial, household remedy, with forty years of splendid history behind it. In buying Peruna you take no risk. You know what you are getting.

PREACHERSVILLE

Miss Mamie Holtzclaw visited Miss Essie Ballard in the Canaan section.

Messrs Edgar Holtzclaw and Henry Lunsford went to Hamilton Ohio, to look for you. It will start the stomach going right. Then the stomach will take care of itself.

Hemp seed seem to be soaring above the sky line. Mr. J. M. Cress who recently bought up several bushels has been offered \$25 per bushel. The logical conclusion; too high to plant.

Mr. Woodson Carpenter has had a lot of trouble with his ear for the last few days. While handling brush a twig fell back and struck him in the ear bursting the ear drum. As he has been bad off with his other ear for some time he is deserving of the sympathy of all.

In the recent selection of the Hon. David R. Francis, of St Louis, as Ambassador to Russia, Richmond grows boastful. Preachersville, too, can put up a modest claim, since his father, the late Mr. John B. Francis, at one time owned the Horton place where old Ky hospitality was dispensed and the young son David from St Louis, was frequently numbered among the guests. Mr. Wm. Pettus, the druggist of Crad Orchard, and Mrs. James F. Cummings of Bellevue Ky, late of Stanford, are first cousins to the eminent St Louisan.

COMMISSIONER'S SALE OF LAND.

GARRARD CIRCUIT COURT.

D. F. Smith, et al., Plaintiffs,
VS.
T. G. Bates, et al., Defendants.

Pursuant to a judgment rendered at the March Term, 1916, the undersigned Commissioner will sell at public auction to the highest and best bidder, before the Court House door in Lancaster, Ky, at 11 o'clock, A. M. or thereabouts, on

MONDAY, APRIL 24, 1916,

it being the first day of the Garrard County Court Term the real estate mentioned in the pleadings and described as follows:

In Garrard County, Kentucky, on the waters of Henderson Branch of Paint Lick Creek and bounded as follows; Beginning at a point 7 feet N. E. of a large lynn tree at the end of Cemetery lane; thence with J. W. Walker's line N 63° E 178.4 poles to a point 4 feet short of a similar distance with J. W. Walker N 80 W 35.4 poles to a post in old road; corner to John Duty's and J. B. Parise; thence with said Duty N 13° E 64.1 poles to a post in Duty's line, corner to E. C. McWhorter; thence a new line with said McWhorter S 79° E 70 poles to a thorn tree, corner to said McWhorter; thence with said McWhorter S 13½ E 12.9 poles to a stone, corner to McWhorter, still with McWhorter S 32° E 39½ poles to a stone, corner to McWhorter, still with McWhorter S 88° E 49.6 poles to a stone in center of road; thence with center of road S 13° E 29.1 poles to a point in center of road S 41 E 16.6 poles to a point in center of road; thence S 31½ E 21.9 poles to a point in center of road; thence S 15 E 6.6 poles to a point in center of road; thence with center of road S 4½ E 5.2 poles to center of gate at end of Cemetery lane; thence S 8½ W 4.10 of a pole to the beginning, containing 68½ acres. Being in farm and conveyed to D. F. Smith and R. C. Faulkner by T. J. Cress by deed dated May 6, 1912, and recorded in Deed Book 28, page 415, Garrard County Clerk's office, and the same land conveyed by D. F. Smith and R. C. Faulkner to T. G. Bates by deed dated — day of — and recorded in Deed Book — page —, Garrard County Clerk's office.

The purpose of said sale is to satisfy the indebtedness of defendant amounting to \$5500.00 with interest thereon at six per cent per annum from October 5th, 1914, until paid, subject to a credit of \$322.95 paid January 1, 1916, and the probable cost of this action, amounting to about \$130.

TERMS.

The property will be sold on a credit of six and twelve months and the purchaser will be required to execute bond with approved security, due in six months from date of sale, said bond bearing interest at the rate of six per cent per annum from date until paid having the force and effect of a judgment upon which execution may issue, payable to W. H. Brown, Master Commissioner of the Garrard Circuit Court, and a lien will be reserved upon the property sold until all the purchase money is paid.

The purposes for which this sale is made are not stated in the judgment.

TERMS.

The property will be sold on a credit of six and twelve months and the purchaser will be required to execute bond with approved security, due in six and twelve months respectively, and bearing interest at the rate of six per cent per annum from date until paid, having the force and effect of a judgment upon which execution may issue, payable to W. H. Brown, Master Commissioner of the Garrard Circuit Court, and a lien will be reserved upon the property sold until all the purchase money is paid.

CONQUERS RHEUMATISM IN A VERY FEW DAYS.

One-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and dispairing rheumatics during the last five years.

Powerful and sure; quick acting, yet harmless; Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is not a druggist anywhere who cannot tell you—it he will—of almost marvelous cases.

If you are tortured with rheumatism or sciatica, you can get two bottles of Rheuma from R. E. McRoberts or any druggist for not more than \$1.00, with the understanding that if it does not drive rheumatic poisons from your system—money back. 4-5-2t

MT. HEBRON

Mr. G. A. Bruce's condition remains unimproved.

Mr. Ed Owens of Danville was in this section last week buying produce.

Mr. Earl Grow bought of Mr. Chas. Duncan some corn at \$4 per barrel.

Mr. Ed Grow bought of Mr. Everett Grow of Nina a young horse for \$127.50.

Mr. Asbury Preston who has been ill for several months, is able to walk around in the room.

Miss Ollie Crawford was the guest of her brother, Mr. Joe R. Duncan and wife Saturday and Sunday.

Miss Iva Del Montgomery left Monday to be with Mrs. Sam Farree at Little Hickman during the summer.

Mr. Matilda Burke and son Johnson, of Jessamine, were with their sister-in-law, Mrs. H. F. Edington until Sunday.

Miss Eulalia Montgomery spent last week with Mrs. U. O. Montgomery and attended commencement at Buena Vista School.

Mr. H. F. Edington, who was injured several days ago by being run over by a wagon, after intense suffering died at his home near Bourne, Thursday afternoon March 30th. He leaves wife and ten children, three of whom are married. He was 51 years of age and a life-long resident of this community, being a member of the church at this place about 21 years. Funeral services were conducted by pastor, Rev. Mahan, Friday at 3 o'clock, interment in Mt. Hickman cemetery. The family have the heartfelt sympathy of their relatives and friends.

One way to enforce part of this discipline is to scatter grain about the yard instead of feeding it in a trough. This is not enough, however, and those who are most successful in raising large, strong litters have almost universally adopted the plan of turning their sows away from the yards during the greater portion of every winter day.

One way to enforce part of this discipline is to scatter grain about the yard instead of feeding it in a trough. This is not enough, however, and those who are most successful in raising large, strong litters have almost universally adopted the plan of turning their sows away from the yards during the greater portion of every winter day. If there is no straw available and they do not have access to a manure pile, the sows of necessity keep themselves on the go continuously. It is ideal if they can spend the time in a big pasture, because in that case they will keep roving over it instead of standing at the gate and squalling, which will be the case if they are simply turned into a bare yard.

It will pay to take the time to scatter a little shelled corn here and there over the pasture. This will prove an incentive for the sows to be continuously on the hunt for food.

Worn Out?

No doubt you are, if you suffer from any of the numerous ailments to which all women are subject. Headache, backache, stiffness, nervousness, weak, tired feeling, are some of the symptoms, and you must rid yourself of them in order to feel well. Thousands of women, who have been benefited by this remedy, urge you to

TAKE

Cardui

The Woman's Tonic

Mrs. Sylvania Woods, of Clifton Mills, Ky., says: "Before taking Cardui, I was, at times, so weak I could hardly walk, and the pain in my back and head nearly killed me. After taking three bottles of Cardui, the pains disappeared. Now I feel as well as ever did. Every suffering woman should try Cardui." Get a bottle today.

LIVE STOCK HUSBANDRY

MAKE THE SOWS WORK.

Compulsory Exercise Necessary For the Health of Breeding Animals.

It would be difficult to point out a lazier creature in the animal kingdom than a brood sow, and those who proclaim the doctrine of letting nature take her course will face all kinds of dire disaster in swine breeding operations if they let the sows have their own way. We do not hesitate to say that the most skillful kind of feeding involving an ideal balanced ration will not result in a favorable outcome at farrowing time unless some sort of compulsory exercise is forced upon the breeding herd, says the Iowa Farmer.

We appreciate the fact that a subject like this becomes hackneyed and it is difficult to convince the average man that much importance should be attached to exercise during the winter

months. When sows have their own sweet way about the manger they spend four or five hours nestling in their nice warm beds for every hour that they rustle, whereas during the greater portion of the winter there is no reason why animals in the breeding herd should not be kept on their feet during the greater portion of the day.

One way to enforce part of this discipline is to scatter grain about the yard instead of feeding it in a trough. This is not enough, however, and those who are most successful in raising large, strong litters have almost universally adopted the plan of turning their sows away from the yards during the greater portion of every winter day. If there is no straw available and they do not have access to a manure pile, the sows of necessity keep themselves on the go continuously. It is ideal if they can spend the time in a big pasture, because in that case they will keep roving over it instead of standing at the gate and squalling, which will be the case if they are simply turned into a bare yard.

It will pay to take the time to scatter a little shelled corn here and there over the pasture. This will prove an incentive for the sows to be continuously on the hunt for food.

SAVE YOUR HAIR AND KEEP YOUR JOB.

Tens of thousands of men are losing their hair daily and are ignoring the fact. Many a man has lost his job because he lost his hair.

Dust and dirt make dandruff and dandruff makes heads bald and bald heads are the first to go when business is poor.

Wash your hair at least once a week with any pure soap and every other night apply Parisian Sage rubbing it thoroughly into the scalp.

Parisian Sage will save your hair; it will remove every trace of dandruff and banish scalp itch and make your head feel fine.

The cost of a large bottle is trifling but the benefits are very great as every druggist well known. R. E. McRoberts cheerfully guarantees Parisian Sage to you.

CLEAN UP!

Wouldn't You Rather Live In a Clean Town Than a Dirty One?

Of Course You Would!

So Would Your Friends Who Come to Visit You.

CLEAN UP!

Gratifying Results Follow a Little Cleaning Up

CLEAN UP HINTS FOR HOUSEHOLDERS.

Garbage.—This is food waste only. Always keep it in a metal can with a tight cover. Do not let flies get into it.

Rubbish.—This includes ashes, bottles, tin cans, junk and house sweepings.

Waste Paper.—This should be kept from rubbish. Always keep it dry. Put it in burlap bags or tie it up in bundles. If kept in the basement it should never be near the furnace nor under the stairs.

Vacant Lots.—The owners of vacant lots are responsible for keeping them clean. Do not throw your rubbish or garbage in these lots. It is not good citizenship and is a menace to your health. Try to get them cleaned up and see if you can put in a garden.

Fire Dangers.—Clear out all waste paper and rubbish of any kind in your attic or basement. Never blockade fire escapes, halls or stairways.

PAINT UP!

There Is Cleanliness, There Is Healthfulness, There Is Germlessness In Good Honest Paint.

CLEAN COMMUNITIES HEALTHY

How Death Rates and Long Life Come From Such Towns.

Filth in itself cannot generate disease, but in the long run, barring unusual exceptions, low death rates and long life always come with records of clean communities.

The "Clean Up and Paint Up" campaign is, after all, a housekeeping job, and for that reason every housekeeper should co-operate with the town officials in making the town spotless. Nothing pleases one more than to have a visitor say what a beautiful town you live in. Why not make your town the cleanest in America? It's easily done. Have harmony reign and all work together and you will be surprised at the result. Now, let us all pull together for a spotless town!

CLEAN UP TIME

A JOLLY little clean up fest is coming with the spring. The mop will be our master and the scrubbing brush our king. We'll live and breathe in soapsuds and we'll feel on new laid paint. And our overalls and aprons will be singularly quaint.

WE'LL see that when the dog comes home he wiggles his feet with care; we'll brush away the cobwebs and dust from grandpa's chair. And when we've rubbed the garbage pail the dog who wanders by will gaze into its shining void with most reproachful eye.

WE'LL slush in disinfectants from our medicine chest to the floor. Till our very thoughts are germproof and our souls are pure and sweet. Then when there's nothing else to clean this merry month of May we'll clean up all the cas in sight and three square meals a day.

Clean Up! Paint Up!

For Any Kind Of

Job Work

Cleaning Up Would Destroy Mosquitoes' Breeding Places

SWAT THE FLY! has long been a rallying cry among the workers for better sanitation, purer hygiene and cleaner streets, but its position as a slogan is threatened by a new cry of "Slam the mosquito!"

A bulletin issued by the Philadelphia board of health deals with the mosquito question and tells how to make the clean up campaign minimize, if not eliminate, the dangers inseparable from the presence of mosquitoes in numbers. It lays stress on the importance of killing as many as possible of the mosquitoes in the early spring, because "every mosquito killed now will mean thousands less in the summer."

"By far the best way to deal with mosquitoes," says the bulletin, "is to destroy their breeding places. As soon as the warm weather comes the female mosquitoes, which are the only ones which survive the winter, will emerge from their winter quarters in our cellars, vaults and other damp, dark places to seek food and to hunt a place to lay their eggs. The breeding mosquito must find standing water in which to deposit her eggs. If she fails in this she soon dies, without offspring. Therefore no stagnant water, no breeding places for mosquitoes; no breeding places, no mosquitoes."

People do not realize that any puddle of water, no matter how small or how foul, is an acceptable breeding place for mosquitoes. Where it is necessary to have water standing in tanks, barrels or other such receptacles, keep them tightly covered with fine wire screens. Keep cesspool covers perfectly tight and the vents tightly screened.

"Where drainage of pools is not possible or covering of receptacles is not practicable all standing water should be covered with a film of kerosene oil, which prevents mosquitoes from breeding in it. One ounce of oil is sufficient to cover fifteen square feet of water. The oil should be renewed once a week during the mosquito breeding season."

The bulletin admonishes all householders and residents to take full advantage of clean up time, so that neighborhoods and individual premises may be made "mosquito proof, fly proof and disease proof."

Helped keep the street clean, protection of the trees, back and front yards kept in good order, prizes having been offered for the greatest improvement and best results, kept dirt out of schools and made the boys shine their shoes, which has been an incentive to keep the rest of their clothes cleaner, kept the buildings from being defaced and fences marked with chalk, etc.; flower boxes were used in the business districts and shrubs and flowers planted everywhere, protection to dumb animals and other things capable of being injured, many alleys paved, broken fences mended, old shacks torn down or repaired and painted, enforced the anti-spitting law, and playgrounds were created.

Every dollars worth of your trade will be appreciated and you have the guarantee of full weight and measure and every thing coming right up to the standard when you trade with

G. C. COX, Manse, Ky.

Our Good Percheron
Stallion

Hawk

will make the season of 1916 at our barn, 3 miles below Buckeye on the Buckeye and Lancaster pike at the very low price of

\$10. to Insure Living Colt

HAWK is by Landara 14517, he sired by Flot De Dominant 9875, he by Dominant, by Bienfaisant, by Vermouth, by Videco, by Coco II, II by Vier Chaslin, by Coco 712, by Mignon, by Jean Le Blanc.

#Dam of Landara 7709. She by Extra dor 2423, and out of Linnet B., by Leisure B., and out of Cullalie. Leisure B., sired by St Laurent, and out of Evanina B. 915. She by Tacheau and dam Boquet 897. The sire of Tacheau is Favor 1st, 798, and sire of Boquet, Coco II, II.

HAWK is a good individual, and a superb sire, of splendid pedigree.

HEAD LIGHT

will make the season at the same time and place at

\$10. to Insure A Living Colt.

Head Light is a bay with white points, 6 years old, 152 hands high, has plenty of body and natural style and action. He is a great horse and a good breeder.

He was sired by Red Leaf 21391, record 2:264, Trial, 2:16, half 1:06, the sire of Mary 2:254 and Red Spite 2:294. He by G. F. Clay, record 2:18.

His first dam was by Granby, record 2:194 he by Princeps.

2nd dam by Blacks Hamiltonian, 3rd dam by Red Wilkes 1749.

Also at the same time and place will stand our pony

SHELBAK.

His Position.

"He's a director in a bank." "Go on! That fellow?" "Yes. He tells the people what windows to go to." —Detroit Free Press.

Happiness.

No man praises happiness as he would justice, but calls it blessed as being something more divine and excellent.—Aristotle.

Work.

Work touches the keys of endless activity, opens the infinite and stands awestruck before the immensity of what there is to do.—Phillips Brooks.

Out of the Running.

"He 'I have half a mind to ask you to be my wife.' She—'Have you? Well, I'm sorry, but I really couldn't marry a man with only half a mind.'

Unusual Character.

Vermont landlady gives up keeping boarders rather than raise the price of board. She was too soft-hearted for that business, anyway.

Oldest and Best.

Is not old wine the most wholesome, old pippins the most toothsome, old wood fire brightest, old linen wash whitest? Old soldiers, sweethearts, are surest and old lovers are soundest.—Boston Globe.

Wife's Services Valued.

The Missouri court of appeals has held in a suit before it that it is not necessary to make definite proof of a wife's services, "as any intelligent citizen might be presumed to know their reasonable value as a matter of common knowledge."

Qualities That Count.

The man who has genius without perseverance may be a rocket, but can never be a star; but he that has perseverance without genius will be a bright and steady star, but can never be used; he that has genius and perseverance will be the sun of his own system.—Rev. William Arthur.

Little Satisfaction for Creditor.

The American Legal News says that in Iowa a merchant sent a dunning letter to a man, who replied by return mail: "You say you are holding my note yet. That is all right—perfectly right. Just keep holding on to it, and if you find your hands slipping spit on them and try it again. Yours affectionately."

Origin of "Dago."

The word "Dago" was originally given by sailors to Spaniards, Portuguese and Italians, in general. There are several theories as to its derivation. Probably the most widely accepted is that the word is a corruption of the Spanish name Diego, used as an equivalent of the English Jack or James. Others believe it to be purely a corruption or nickname derived from the Spanish word hidalgo, which came to be applied to any foreigner from Latin Europe. It is now used chiefly as a nickname for Italian immigrants in this country.

How Sound Travels.

Sound travels through dry air at the rate of 60 feet per second; through water at 240 feet per second, and in steel wire at 17,130 feet per second.

Locating the Snobs.

Very few millionaires in large cities are snobs. The snobs are largely found in small towns, and are worth from \$20,000 to \$30,000.—Atchison Globe.

Macaulay's Wonderful Memory.

It is said that Macaulay's memory was so retentive that, after reading a book once he could give all the salient points of it, and recite many long passages of it verbatim.

Acquiring Knowledge.

Real knowledge, like everything else, is not to be obtained easily. It must be worked for, studied for, thought for and, more than all, must be prayed for.—Thomas Arnold.

Chinese Appreciation of Jade.

The remarkable resonance of jade is a peculiar quality, which gives it great importance in Chinese estimation; to such an extent that "singers' chimes" of 24 different pieces and tones were sometimes constructed. Occasional use is also made of the natural form of the jade bowlders, which are found in river beds.

Wanted the Usual Thing.

We had a children's party. They were seated around the table being served ice cream and cake. The children were all eating their ice cream with the exception of one little fellow. I went over to him and said, "Well, John, why don't you begin?" With all seriousness he said: "Why, I'm waiting for my meat and potatoes first."—Exchange.

For Oiling Shaftings.

There is danger in the oiling of shaftings. Even though the machinery is stopped, someone is likely to start it before the worker is through with his task. This element of danger is removed through the invention of an oiler, which may be used while the worker stands on the floor, thus obviating the necessity of going among running belts, pulleys and shafts, possibly on a rickety ladder.

Machine Chews Money.

There is a machine in the United States treasury which chews money, and when the old bills come in this machine takes good care that they are not in any condition to be used again. First, all the bills are made into piles, and these placed in packages. Then the bills are sliced, so that each one is in half pieces. Then the paper is ground up in the machine.

Population's Growth.

In the time of Augustus Caesar the population of the world was said to be only 50,000,000. One hundred years ago it had increased to 700,000,000. Today it is estimated at 1,732,000,000. When Columbus discovered America there were about 300,000 Indians in the confines of the present United States. At the time of the Revolution there were 3,000,000 white men. Now we are approaching the 100,000,000 mark.

DAIRY WISDOM.

Dairying produces a human food for which there is no substitute and for which there will always be a constant demand and an opportunity to supply at reasonable prices.

The colder the milk when separated the greater the loss of fat in the skim milk.

The animal that pays the best is bound to be in evidence as dairymen become better informed.

Old cows that have passed their days of usefulness lower the average production of the herd quite as much as young heifers.

Don't trust any bull, no matter how gentle, but treat him kindly.

A DAIRYMAN WHO IS GETTING GOOD RESULTS

Recently we received an inquiry from one of our subscribers in Oregon, says Kimball's Dairy Farmer. He said: "We have forty Jerseys, of which seven are on official test. Will you please give me a ration suitable for them? I am feeding about twelve pounds of oats, bran, barley and beet pulp with about twenty-five pounds of corn silage and what eat under saddle or harness.

Shebark will stand at \$10.00 to insure a living colt.

We will also at the same time and place stand our big 6 year old Jack.

GREY TOM

at \$8.00 to insure living horse mule and \$10. to insure living mare mule.

This Jack has a good broad bone heavy body and fine head and ears. He was sired by Black Joe, he by King William, Jr., he by old King William, he by Tom Sherlock. 1st dam by Young Tom, 2nd dam by Stonewall Jackson, 3rd dam by Mogul. Black Joes 1st dam by Long Fellow, 2nd dam by Bourbon Chief, 3rd dam by Black Frank. Young Tom was sired by Gregg. Old Tom's 1st dam by Jason Walker's Castillo, 2nd dam by Black Hawk.

Money due when mare is parted with, or bred to another horse or jack. Lien retained on colt until service fee is paid. Care taken to prevent accidents, but not responsible should any occur.

RAY & AMON

Buckeye, Ky.

Phone 387-H.

We venture the assertion that were we to drop into his barn some morning at 4 or 5 o'clock we would find his

Gossip About People

A Brief Mention of the Comings and Goings by Those We Are Interested In.

Rev. A. J. Cleere preached in Nicholasville Sunday.

Horace Walker, of Louisville, is here for a visit to Lancaster relatives.

Mr. and Mrs. W. A. Speith are in Louisville for a visit to relatives.

Miss Elsie Morrow left last week for a visit to Mrs. Wm. Burnett in Shelbyville.

Miss Virgie Bourne has been in Stanford for a visit to her sister, Mrs. W. C. Kauffman.

Miss Jessie Lee Phillips, of Stanford has been visiting her cousin, Mrs. Oppie Brown.

Miss Lottie Carson was in Stanford Sunday with her parents, Mr. and Mrs. W. A. Carson.

Miss Edna Berkley a student at Oxford, Ohio, is at home for the Spring vacation.

Friends here at her old home are sorry to learn Mrs. Louis Landram has been quite sick.

Mesdames Joe Robinson, John Stormes and George Robinson, motored to Danville last Saturday.

Mr. and Mrs. Green Clay Walker and Mrs. Poole Perkins motored to Danville Tuesday.

Eugene Harris, of Lexington was over for the Glee Club and the guest of his friend, Glass Carrier.

Mr. Timothy Tinsley, of Transylvania University, was the guest for several days of Messrs Milton and Paul Elliott.

Mrs. Jake Robinson, of Boyle and Garrard has returned to her beautiful home after a pleasant visit to Chattanooga.

Mrs. M. H. Mabry and little son, Harton, of Florida, are here for a protracted visit to Mrs. Mabry's sister, Mrs. T. J. Price.

Miss Helen Young of the Richmond Normal School is down for a visit to her grand-parents Mr. and Mrs. W. G. Anderson.

Professor Henry Lloyd, of Lexington was here on Saturday looking after the farming interests of his mother-in-law, Mrs. J. M. Frazer.

Mr. and Mrs. H. Clay Sutton and Mrs. H. A. B. Marksburg motored to Danville for a short visit to Editor Louis Landram and wife.

Miss Mattie Adams returned to the Normal school at Richmond Wednesday after a visit to her grandmother, Mrs. Richard McGrath.

Mr. and Mrs. Stephen Walker and little daughter who have been living in Hustonville for several years have moved back to Lancaster.

Miss James, of Hamilton College, a school mate of Miss Martha Tindler, accompanied her to Lancaster and was their guest for several days.

Mr. Arthur Joseph and young wife who have gone to Danville to reside are followed to their new home by the good wishes of the Lancaster people.

The members of the Presbyterian church organized themselves into a donation party and stocked the pantry at the parsonage. Tuesday afternoon preparatory to the arrival of Rev. H. S. Hudson and wife.

Messrs Gowen Bourne, Wilburn Bruce and Misses Catherine Bourne, Louise Wilson and Emily Delong motored over from Danville, Thursday evening for the Glee Club. Later they were entertained at "The Puritan."

Mr. and Mrs. Jack Collins, who have been residing on Richmond street for some time, left last week to reside in Louisville. Many here regret to see this splendid young couple leave, but we hope that they may be successful in their new home.

SCHOOL NOTES.

Frank Tinder accompanied by a number of Transylvania students visited the school Friday.

Catherine Bourne, of Danville, was mingling with her former class-mates Thursday and Friday.

A program in the nature of a contest will be given under the direction of the W. C. T. U., in the School Auditorium, Thursday night April 6th.

Among the visitors at School Friday morning were, Paul Elliott, Milton Elliott, Glass Carrier, Martha Tinder, Bradley Bourne and Iona Dunn, all of whom were members of the class of 1914-15.

The Christian Endeavor Society, under whose auspices the club was secured made a contribution of \$5.00 to the school to be applied in what ever way the school deems wisest.

Special examinations were given Friday, March 31st for those students who were conditioned in some of their studies. Some of the most earnest workers were enabled to remove some of their conditions.

The Mason City Iowa Board of Education has adapted a continuance twelve months session of school. Attendance on the summer session is voluntary and students will be given credit and promotions as in the winter session.

On Thursday night, March 30th, the Transylvania Glee Club gave their concert consisting of a string quartette, male quartette, readings, choruses and comic dialogues. The program was greatly enjoyed by a large and appreciative audience.

Mrs. Joe Burnside is in Covington on a visit to her daughter, Mrs. George A. McRoberts, whose husband is absent on a several weeks' tour in Carolina.

The Presbyterian Missionary Society met Wednesday afternoon at the home of Mrs. Fred P. Frisbie on Maple Avenue. An interesting program was rendered.

The Chautauqua Circle met Tuesday afternoon at the home of Mrs. F. R. Marksburg in the west suburb. This enthusiastic class have begun a new text-book on the "Planets", and will shortly enjoy a telescopic view of the heavenly bodies.

Mr. J. P. Simer has accepted a position with Stormes drug store. Mr. Simer is a registered pharmacist and has recently been in the service of Mr. George Weatherford of Hustonville. He succeeds Mr. William Mees, who resigned a few days ago to seek his fortune in the West.

Mrs. Sallie Rayburn was honoree at a sumptuous dinner on the 4th at the home of her daughter, Mrs. R. P. Gregory, the occasion being the celebration of her 75th birthday, the members of the family and Miss Jeanie Lackey comprising those seated at the natal feast in compliment to the reverend mother and grand mother.

The following are some of the many Lancastrians who were in Danville last Saturday for the opening at the Welsh and Wiseman mercantile house: Mrs. W. R. Cook, Miss Margaret Cook, Mrs. W. B. Mason, Mesdames W. A. Dickerson, Coleman Gulley, S. C. Denny, W. T. West, J. S. Gilbert, R. T. Embrey, Misses Fannie and Bettie West and Mabel Mason.

Whose hobbies have always been for the betterment of Lancaster and Garrard county. His hobby is now good roads and the enforcement of the game law, especially the protection of the ring-necked English pheasants. Garrard now has a larger area of land possessed than any other county in the state. Mr. Farra, together with other interested citizens was instrumental in having this done.

JOHN M. FARRA

To Sharpen Razors.

Pour a few drops of pure olive oil on the razor strop and dust it over with a pinch of flour of emery.

Will Be Remarkable Map.

To make a map of the world on the unprecedented scale of 16 miles to the inch is a project of British scientists.

Diplomatic Statesman.

"Do you think your constituents agree with your views?" "Yes," replied Senator Sorgum. "I made it a point to have my views in agreement with theirs before I said a word."

Some Women and Money.

One of the chief causes of financial pressure in modern life is the failure of some girls and women to realize that money does not fall like the dew, gently from heaven.—Mother's Magazine.

Suspicious Man.

"Unless my plans are frustrated," says the Van Quentin, "I shall marry a small, slender girl, who has a big, fat sister. Then I will have reasonable assurance that the clothes I see my fiancee in are her own."

Java's Death Plant.

The "death plant" of Java has flowers which continually give off a perfume so powerful as to overcome, if inhaled for any length of time, a full-grown man, and which kills all forms of insect life that come under its influence.

How It Works Out.

First Coal Dealer—"How much profit are you making on a ton now?" Second Coal Dealer—"Twenty-five percent." "Why that's a good deal more than I am making." "But you sell to the rich in large lots. I sell to the poor in paiffuls."—Life.

Lines to Be Remembered.

We must hold a man amenable to reason for the choice of his daily craft or profession. It is not an excuse any longer for his deeds, that they are the custom of his trade. What business has he with an evil trade? Has he not a calling in his character?—Emerson.

Granted Safe Conduct.

Tommy was playing wild Indian in the yard. The butcher boy came for the order, but stopped before opening the gate to admire the little fellow's fantastic get-up. Tommy called outcondescendingly, and said, "You just come right in; don't be afraid; I won't hurt you."

Ancient Greek Had Wisdom.

The earliest writer to conceive of the idea of a rotating earth was Philolaus, a Greek, who lived in the fifth century before Christ. The same man, on purely philosophical principles, also hit upon the idea of the sun as the center of our system—an idea that had to wait 2,000 years for confirmation, until Copernicus came in 1540.

Reciprocation.

Sammie's parents were moving to another town and the little lad had come to bid adieu to his beloved teacher. When she put her arms around him his sorrow at parting mounted to tears, and to her adjuration to "always be a good boy and grow up to be a fine man" he blurted between sobs, "The same to you."

Wisdom in Gotham Schools.

Here is an example of the wisdom which is imparted to the pupils of New York's public schools by a woman teacher. In explaining how the Kill von Kull was named, she told the class "that a man went out gunning for sea gulls. He killed one on the stream that borders Staten Island and thereafter the stream was known as Kill von Kull." This is not a fanciful tale, but an absolutely truthful recital of the kind of "education" imparted in the kind of "fads and fancies schools" hero.—Pittsburgh Dispatch.

Many Changes Wrought In The

Lancaster Central Record.

The Central Record has rounded out twenty six years under the name of The Central Record. The changes have been many and always for the improvement of the paper and the job department. Originally the paper was a seven column sheet printed on an antiquated press and the papers folded by hand.

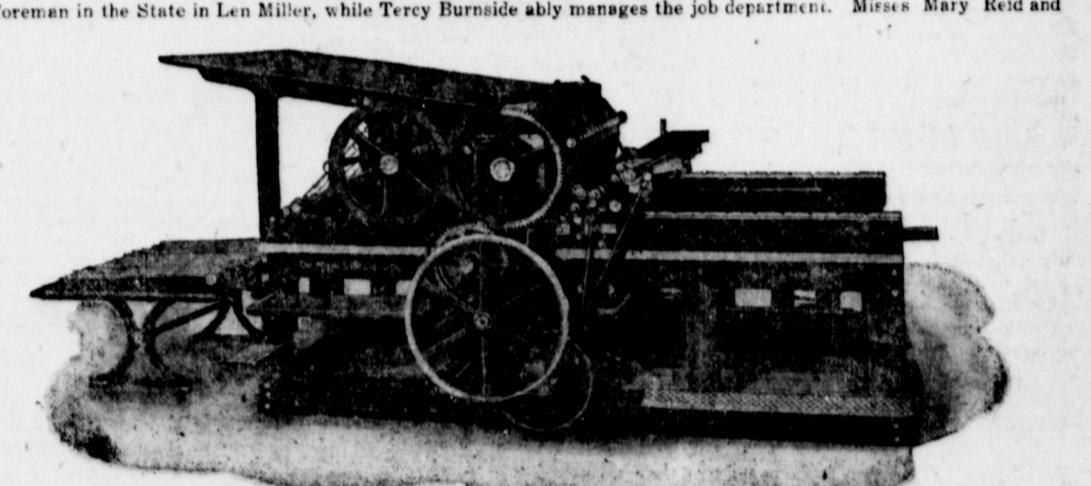

Under its present management it has doubled its subscription list and enjoys the patronage and appreciation of the public. Its papers go into every state in the union and into many foreign lands. The advertising columns are well filled each week and the job department is on the job six days in the week.

The present management has taken an unusual interest in making needed improvements and installing the most modern and best machinery in their handsome brick building to which they moved from the one room over the Citizens National Bank.

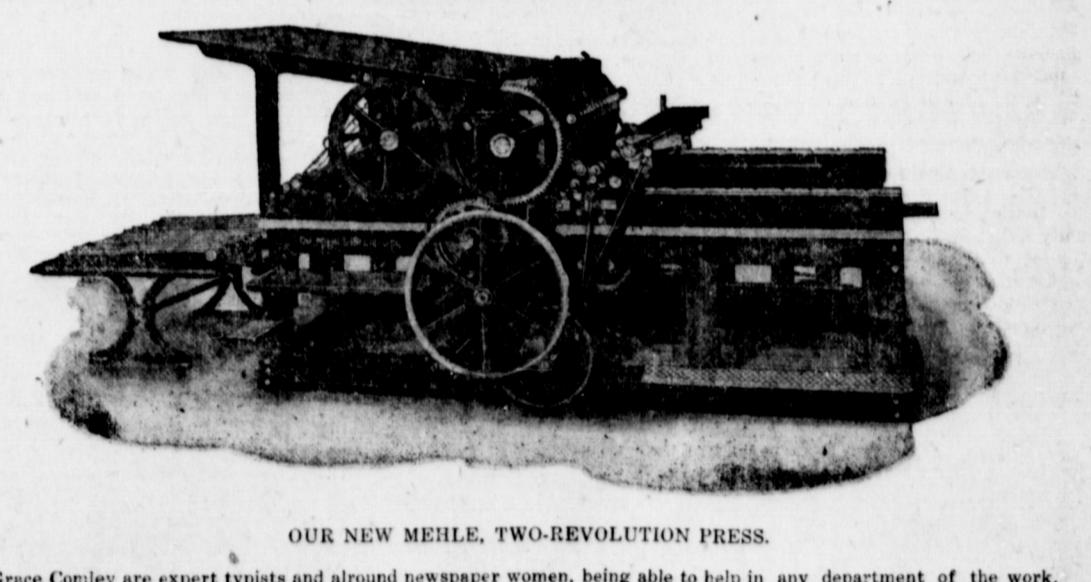

THE NEW CENTRAL RECORD BUILDING.

We now have a Mehl, two-revolution Press and an Omaha Folder that folds fifteen hundred papers an hour. The Editor, J. E. Robinson and local editor and business manager, R. L. Elkin are ably assisted by one of the best foremen in the state in Len Miller, while Percy Burnside ably manages the job department. Misses Mary Reid and

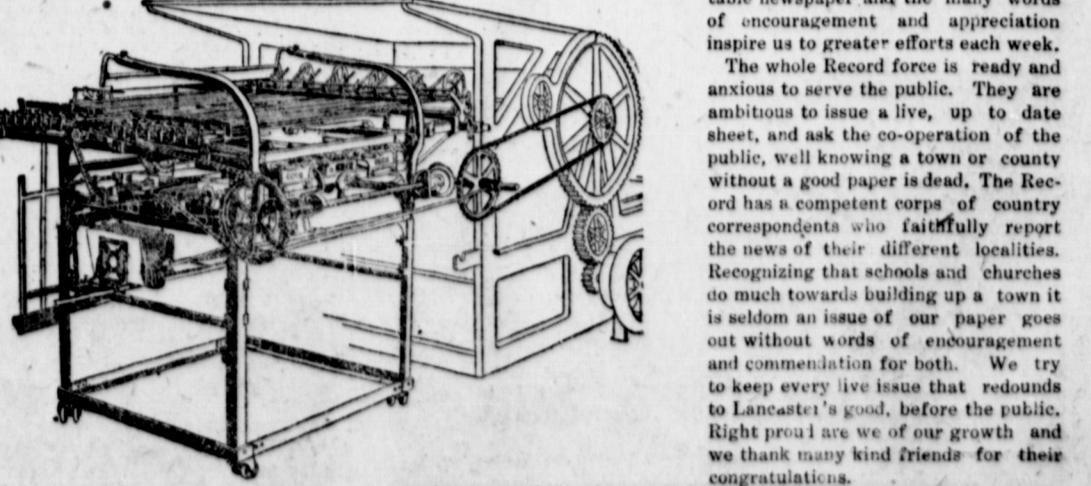

OLD RECORD OFFICE

OUR NEW MEHL, TWO-REVOLUTION PRESS.

Grace Conley are expert typists and around newspaper women, being able to help in any department of the work. Our efficient office force together with the liberal patronage we have enjoyed have made all these changes and improvements possible for which we are deeply grateful, at the same time we believe Lancaster is grateful for a creditable newspaper and the many words of encouragement and appreciation inspire us to greater efforts each week.

The whole Record force is ready and anxious to serve the public. They are ambitious to issue a live, up to date sheet, and ask the co-operation of the public, well knowing a town or county without a good paper is dead. The Record has a competent corps of country correspondents who faithfully report the news of their different localities. Recognizing that schools and churches do much towards building up a town it is seldom an issue of our paper goes out without words of encouragement and commendation for both. We try to keep every live issue that redounds to Lancaster's good, before the public. Right proud are we of our growth and we thank many kind friends for their congratulations.

OMAHA FOLDER.

GETTING TOGETHER

Purpose of Visit of Knoxville Trade Trip Members Is To Cement Business Relations

Business Men of Knoxville Want to Know More About Conditions Here, and Desire People Here to Know More About Knoxville as a Manufacturing and Jobbing Center.

Back of the white hats, the stripped umbrellas, the music, the fun and good-fellowship of the Knoxville Trade Trip, there is a very serious purpose. This Trade Trip has a meaning, and that meaning is illustrative of the business spirit of Knoxville.

For, be it known, that this is "Prosperity Year in Knoxville"—her mills and factories are running, and the wheels of commerce are humming. Knoxville is stirred in every pulse and fibre as she has never been stirred before—with a new spirit of enterprise, of push and purpose that is built upon the solid rock foundation of confidence—confidence in her own future; confidence in the loyalty of her people; and aggressiveness of her progressive business men and institutions.

Wm. H. Crouch, leader of the U. of T. Band, which is to visit here.

It is in the spirit of this new prosperity that this First Trade Trip is being made, and it is far from a selfish spirit, for Knoxville is not coming to sell, but to See and to HUVE!

In her new prosperity she must look beyond her own doors for new material.

Knoxville wants to extend to the people of her sister towns and cities the "glad hand," wants to know them better, and extends to them an invitation to grow as she grows. Knoxville wants us to profit by her prosperity.

There will be a result to this trip that ought to be of special interest to this town. Being, as it is, an example of organization and efficiency, the trip ought to stimulate greater interest in our local commercial organization and in greater commercial activity. Then, too, the visit of the Knoxville Trade Trip will offer to our local boosters an opportunity to do some boasting of their own game. The Special will carry representatives of both of Knoxville's big daily papers, newspapers that are read far and wide. The impression they gather of the towns visited, and which will be gathered by the other members of the party will have a far reaching effect and untold good should result.

Let us go out and meet the "special" in a spirit which will animate them; in a spirit of wanting to get closer together and of cooperation and thereby both sides will be benefited.

UNIVERSITY OF TENNESSEE BAND TO GIVE CONCERT HERE

Crack Musical Organization of the State to Accompany Knoxville's Trade Trip Special.

The University of Tennessee Band, one of the crack musical organizations of the state will accompany the Trade Trip Special of the Knoxville business men to furnish the music at this and the other towns visited. The band which is composed of 25 members will give concerts, both of popular and classical music, and all lovers of music should plan to hear these concerts.

SUSPECT YOUR KIDNEYS

Too Many Lancaster People Neglect Early Symptoms Of Kidney Trouble.

If your back is lame—if you feel dull, tired and all-worn-out—

If you have hard headaches, backaches and dizzy spells—

If the kidney secretions are disordered—

Suspect your kidneys and "take a stitch in time."

Use Doan's Kidney Pills, the time-tried, home-endorsed kidney remedy.

It may save you from some serious kidney trouble.

Make use of Mr. Hibbard's experience.

Frank Hibbard, Water St., Lancaster, says: "I had weak kidneys and their action was irregular and often painful. My back pained me and it was then that I used Doan's Kidney Pills. They fixed me up in good shape. The pains left and my kidneys became normal."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hibbard had. Foster-Milburn Co., Prop., Buffalo, N. Y.

An Expression of Thankfulness

TO our many friends and patrons who honored us with their presence on Saturday at the opening of our new home—we wish to most heartily thank for the universal expression of good will and appreciation of our efforts to give to Boyle County and Central Kentucky an establishment that we can all feel proud of.

It shall be our constant aim to give better and better service as the months roll by, and we shall always deem it a favor if the public will offer suggestions that may assist us in so doing.

To those who have not yet had the opportunity to pay us a visit—we extend a most cordial invitation to come and make yourselves at home.

Welsh & Wiseman Co.

Danville, Kentucky.

Phone 43

For Any Kind Of

Job Work

The Central Record, Thursday April 6, 1916.

PAINT LICK

S. M. Denny spent Sunday and Monday in Richmond.

Mrs. Woods Walker spent the week end in Danville and Stanford.

Mrs. C. E. Williams and Miss Geneva Rucker left Saturday for their home in Madison Ind.

Mrs. Geoffrey Morgan and son of Richmond, spent Friday with Mrs. Rice Woods.

Rev. W. M. Eldridge was called to Jessamine the past week to assist at two funeral services.

Mr. Charles Berryman of Waco, was the guest Friday and Saturday of Mr. and Mrs. Tom Logsdon.

Miss Alberta Moberly of Richmond, who has been with Mrs. Oscar Hammack for several weeks, was stricken with appendicitis on Friday and taken to the hospital in Richmond, where as soon as she is able will undergo an operation.

TENNESSEE OFFICIAL WINS LONG FIGHT

J. W. Seaton of Linden, Clerk of the Circuit Court of the Twelfth Judicial District of Tennessee, was for years a sufferer from stomach troubles—in part a result of his confining work. He tried doctor after doctor. He tried medicines without end.

One day he took a dose of Mayr's Wonderful Remedy. He wrote:

"Your medicine is the best in the world for any form of stomach trouble. I am glad to say that after taking the full treatment I feel that I am well.

"I had very severe pains in my stomach all the time. One bottle of your medicine did me ten times as much good as all the doctors' medicine that I took for two years. My family physician told me that I would never be any better—today I am well. I have gained twenty-five pounds."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much as you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

For sale by R. E. McRoberts and all other reliable druggists.

MARKSBURY

Mrs. Edmond Sutton was hostess at dinner to a few friends, Sunday.

Come to the lecture and bring your friends with you next Thursday night.

Mesdames Ben Kelley and Dr. Rose have been visiting Mrs. Wm Broadbush.

Misses Virgie and Pearl Hogg returned to Berea College Monday after a brief visit to home-folks.

Mr. and Mrs. J. B. Kemper who have been spending the winter in Birmingham, Ala., will return next week.

Miss Margaret Jenkins of Nichelville has been selected by the trustees to teach the school at Mason next year.

Rev. J. W. Mahan preached at London last Sunday. His pulpit at this place was filled by Rev. Sebastian of Georgetown College.

Mrs. T. Pollard, Misses Nell and Estelle Clark have returned from a delightful visit to Mrs. Mag Kuhiman at Lowell and Mrs. Broadbush of Paint Lick.

Rev. Clerc of Lancaster will lecture at the Fork church under the auspices of the Ladies Working Society on the evening of the 13th of April. Admission 25 cts. Those who have heard Mr. Clerc are delighted with him as a lecturer and those who do not come to hear him will miss a treat. The public is invited.

Where He Would Be Welcome. "He's so reckless, he's always taking chances." "Oh, send him to our charity bazaar."—Baltimore American.

Aluminum Horseshoes Best. In every test made by Russian cavalrymen, horseshoes of aluminum were found to outlast those of steel and iron.

Gift Above All.

If, instead of a gem, we could cast the gift of rich thought into the heart of others, that would be giving as the angels give.—Selected.

Camera in Military History. The Crimean war saw the camera first used as a recorder of military history. The device was but 16 years old at that time.

Screw Propeller Old Device. That a patent for a screw-propelled steam vessel had been issued as far back as 1803 recently was discovered in the French patent office.

Something of a Novelty. "Shall we go to the movies, play bridge, or stay home?" "Why not stay home? We can always go to the movies or play bridge."—Judge.

Victory in Worthy Struggle. I think that there is success in all honest endeavor, and that there is some victory gained in every gallant struggle that is made.—Dickens.

Musk's Power Great. Musk in its pure state is so radioactive that, if held close to the body for a time, it will produce sores similar to those caused by radium.

Giving Them Fair Warning. William, soon after he started to school, came home one day and said: "Some boys at school are beginning to meddle with me and they had better stop it."

Architecture Improves With Age. The knowledge that age improves architecture as well as wine is not new, but the realization that the improvement is due to the texture of the surfaces and the softening of the rigid lines is recent and has not yet by any means become general.—Aymar Embury.

Need for Consideration. "What should one do," asks the young doctor, "when a patient comes in and diagnoses his own case exactly?" "In such a situation," explains the experienced physician, "you must use your best judgment of human nature. If the patient is one kind of man he will appreciate your agreeing with his diagnosis as showing that he knows as much as you do; on the other hand he may go about and say that you don't know any more than he does."

Kentucky Made Vehicles for Kentucky People at Wholesale Factory Prices

Read What Customers Say

James E. Gray, Waterford, Ky., says: "My buggy arrived in Tatesville safely and without being damaged in shipment. Now I want to tell you I am well pleased with it. I am sure I could have purchased no such buggy of any other firm or factory for a price so reasonable. It is not only well made and stylish, but is a well balanced one. I am sure it will not be long before it will prove to be what it is guaranteed to be. All of the neighbors and friends to whom I have shown the buggy agree with me that it is the greatest brougham and I suspect it will only be a short time before it will be seen on the streets of every town in the country. I am going to do my best to advertise your splendid buggy, for I feel that you have proven a friend to me by sending such a buggy; therefore I shall encourage and make as many sales as possible to show my appreciation."

T. C. Williams, McDonald, Tenn., writes: "I received my buggy all O. K. and find it is a dandy one and everyone who has seen it has been most pleased with it. It is a well-built vehicle and I am well pleased with it. I hope that it may be the cause of your selling more in this country."

Edward Thornton, Fox Chase, Philadelphia, Pa., says: "I find my buggy fits up to every feature you claim for it. It is very comfortable. I have ridden 25 miles at a time with no fatigue. I was somewhat pessimistic and inclined to take some of your strong advertisements at a discount, but your good name and the letters of correspondence I was persuaded to send my order. I am fully convinced your method of doing business has been the secret of your success and when next in the market for a carriage the order is sure to go to you."

A. F. Carpenter, Wolfstown, Va., writes: "I received my buggy the first of September. Since that time have given it a thorough trial test and find it to be as well received as I could desire. I am perfectly satisfied with it in every respect—in fact, I have not one iota that equals it for a much higher price, and I feel I have value received for every cent of my investment."

Edgar M. Hunt, Sanders, Ky., says: "I like my buggy and harness fine. I like it better than any buggy I ever saw. Several people who have seen my buggy talk like they would order a buggy from you in the spring. You can send my name in advertising you to do so. Please send Mr. D. T. Bohon a catalog of your buggies, as he asked me to write you for one."

Emory M. McCord, Greenwood, S. C., writes: "I am more than satisfied with my buggy. I have sold it to the first person now it is December 6th, and every one who sees it wants to know where we got it. We have had a good many to ask how much we paid for it and they seem to be more than surprised at the price paid for such a pretty buggy. I have bought a buggy from another who got ours and paid \$115.00 for it without harness. When we get ready for another new buggy we will not think of buying from anyone but you. I am sending you names of friends. I do hope you will be able to sell each a new buggy."

Marcus A. Whisler, Jamestown, Ind., says: "Buggy and set of driving harness received the 10th. A very nice job, well made and must be a good hauler. I am buying an carriage, made with great care, both workmanship and selection of material. I would like for your painter to send me some brown paint, just a very small amount to apply to a few pieces. I might have been marked by shipping. And this may be the cause of my order being sent you by my friends. I will consider I have helped both them and yourself."

Lawrence Mulligan, R. F. D. No. 1, Reeds, Mo., writes: "I am mailing you a picture of myself, horse and buggy which I bought from you some time ago. It isn't a very good picture, but maybe it will give you an idea. You never mind what the picture cost for it, as I have done me enough favors and gained me such a good bargain on that rig that the pictures shall not cost you anything. I am not in the habit of bragging on anyone, but I will if it is worth while."

Our Large Factory With Annual Capacity of 20,000 Finished Vehicles.

THE D.T. BOHON COMPANY, Harrodsburg, Ky.

Yes Sir: We save you all Agents', Dealers', Wholesalers' and Jobbers' profits and commissions—we don't have traveling salesmen to stop at expensive hotels, and travel around on high salaries. Our entire business is conducted by mail—we have eliminated every extra and unnecessary expense. We are giving the vehicle buyers of this county the greatest values ever known. We manufacture right here in our own large factory as high grade vehicles as it is possible to produce and sell them to you at the wholesale price and save you all the "rake-off" of the middlemen.

Here Is How Our Plan Hits the Middleman

We have sold hundreds of thousands of dollars' worth of vehicles and harness direct from factory to consumer, and every sale has been a clean-cut straight-from-the-shoulder SMASH between the eyes of some "middleman." We are sorry for this—we regret that our pathway to success should be strewn with wrecked hopes and thwarted ambitions of those who have tried in vain to hold us back. Personally we have nothing against dealers, agents, jobbers, mail order catalog houses and other middlemen, who seek to gather two or three profits, where we are satisfied with one—we are really sorry for them, because they are doing business in the wrong way. A vehicle or set of harness is never worth more than the factory price, and because we save you all the expense and profits of the middlemen, they should not grow peevish and throw stones at Bohon, for neither I nor my customers and friends are to blame—it is simply the law of supply and demand at work. Folks will buy where they can get the most for their money. That's the whole matter in a nutshell. Our plan hits the middleman, because the vehicle users of this country have made up their mind to do business on the straight line from factory to user, rather than on the zig-zag line from maker through traveling salesmen, jobbers, dealers, agents or catalog supply houses to user. Is there a reason?

You must either buy directly or indirectly—you must either pay three profits or one profit on your vehicles and harness. When a dealer buys a vehicle, he buys indirectly and absolutely must pay two or more profits before he takes the vehicle from the crate. Now, if you buy of a dealer, you must not only pay these two or three profits, but in addition, if you buy of the dealer's profit and also his selling expense extra—four profits in all. When you buy of us, you buy directly—you pay one small profit. Our price to you is less than dealers can buy vehicles for spot cash in carload lots. Don't let the price-boosting middleman throw dust in your eyes—find out for yourself—get the facts, then decide. If you do this, you will surely buy of Bohon and save agents', dealers', jobbers' and salesmen's commission.

Some people are pretty hard to convince, especially when they don't want to be. Like the old backwoodsman on his first visit to the circus, for instance. He was a tall, lanky fellow, looking the tall fellow up one side and down the other for about five minutes; then shifted his quid from one side of his mouth to the other, took off his glasses, wiped them carefully, and turning to the attendant said:

"Huh! There Ain't No Such Animal!"

That old fellow reminds me of the people who say "Bohon has no factory; Bohon's vehicles lack quality; made to sell, not to wear, etc."

The only difference is that the old backwoodsman was trying to deceive himself—he honestly thought his eyes were playing tricks on him. The fellow who says, "Bohon has not made the highest quality vehicles in his own factory right here in Harrodsburg," is trying for a selfish purpose to deceive you.

Don't let the middleman throw dust in your eyes. Get the FACTS—know for yourself, for any agent or dealer that tells you that we do not manufacture our vehicles in our own factory is trying to do so in order to sell you a vehicle and pocket a big profit. We have here a factory equal in equipment to any vehicle factory in the United States—BICK NONE.

Sixty Days Free Road Trial

Life Long Guarantee Backed by Our \$30,000 Bank Bond

Every "Blue Grass" Buggy is sold on 60 days' free road trial. We want you to try it as your own—submit to any test and then decide whether you want to keep it. Compare it closely point for point with other vehicles in your neighborhood, either in use or offered for sale, and if you are not fully convinced that we have furnished you the best made, the handsomest finished, the easiest riding and the lightest running buggy you ever saw, and if you do not think that by dealing direct with our factory you have saved at least \$25.00 to \$40.00—if in fact, for any reason you are not perfectly satisfied, and if the vehicle is not exactly as represented and in strict accordance with our claims—we will take it back and stand all the loss. If after the trial you keep it—as we know you will—you are absolutely protected against any loss or trouble resulting from defective material or workmanship—for ever at any time—it matters not when, whether one, two, three, five or ten years—any piece or part proves imperfect, we will replace or repair it free of charge.

As an absolute protection to you, under this guarantee, we have deposited with the Mercer National Bank of this city, our legal binding bond for \$30,000, and if we ever make a claim under the guarantee that we did not carry out, we can be made to forfeit this bond. Just stop and think what this means to buy a vehicle under a life-long, unlimited guarantee, backed by a bank bond. If we did not make as fine vehicles as it is possible to produce—how could we make such an offer?

Our Large 208 Page Catalog Shows More Vehicle Styles Than You Can Find in 20 Dealers' Stores

OUR LARGE MODERN FACTORY

Our large, modern factory is just as up-to-date as any in the United States. We have every facility for manufacturing high-grade vehicles at the lowest cost of production. Please don't confuse our factory with some of the small repair shops here in Central Kentucky that possibly assemble one hundred vehicles in the course of a year, for we manufacture them by the thousands and sell them all over the United States, as well as in many foreign countries. We have every new labor-saving machine, every practical arrangement known. We have here as fine a collection of vehicle builders as was ever gotten together by any firm anywhere. They are men of

experience and ability, clean, moral and conscientious—they are men who like their work. Visit our office and factory if you can, and see for yourself how Bohon vehicles are made. Our factory is of personal and vital interest to you and every other vehicle user who wants to know the facts about why and how Bohon makes the best style vehicles, maintains the very highest quality and undersells the world. If every vehicle user in Kentucky really knew the truth and facts about the wonderful values we give—in spite of our already tremendous business—we would have to increase our factory, at least ten to fifteen times in order to supply the demand.

Come to See Us--Visit Us at Our Factory

Why not make us a visit? Come to Harrodsburg and see for yourself—look our factory over. Examine the high-grade material we use—go through our model factory from end to end and see our vast force of high-class skilled mechanics turning out as fine vehicles as are being made in the world. If you can't come, send a postal today for our large free catalog. Without doubt it is the finest book on vehicles ever issued, and we want you to have a copy. It shows views of construction and our superior equipment—it shows in colors how our vehicles are painted and upholstered and has more styles than you will find in twenty dealers' stores. Here is a picture of the cover of this catalog.

It is the most elaborate vehicle and harness catalog ever published—it is a regular vehicle and harness encyclopedia. A postal card with your name on it will bring you this book by return mail with all postage paid.

This Catalog is Free For the Asking.
